Request for Information

Dear Ms Shelley,

I am writing regarding your request for information which we received via email on 13/03/2019. In that request you asked for information in relation to our end of life symptom management policy.

We are pleased to provide the following information in response to your specific questions.

I am a district nurse from ECNHST who is undertaking a research module for my M.sc advanced practice at Chester University. I am keen to look at differences in End of life symptom management policies within the primary care/ district nursing patient caseloads. I am especially interested in the differences in dosage of the drug Midazolam.

Please can you send me your trusts policy?

Please see the attached document.

If you have any queries about our response, please let me know by writing to the above address.

Yours sincerely,

Laura Sillitoe
Freedom of Information and Information Governance Support Officer
