Dear Mr Vellacott

Freedom of Information Request - Energy Use and Regenerative Braking

I acknowledge your request for information received on 11 October 2016.

Your request is being dealt with under the provisions of the Freedom of Information (Scotland) Act, 2002 ("the Act"). Section 10(1) of the Act stipulates that enquiries must be dealt with within twenty working days of receipt.

Please note that the Act defines a number of exemptions which may prevent release of the information you have requested. There will be an assessment and if any of the exemption categories apply then the information may not be released. You will of course be informed if this is the case, including your rights of appeal.

If the information you request contains reference to a third party then they may be consulted prior to a decision being taken on whether or not to release the information to you.

Depending on the estimated cost of dealing with your application there may also be a fee payable. In this event the fee must be paid before the information is processed and released. The twenty working day time limit for a response is suspended until receipt of the payment.

If you have any queries or concerns please do not hesitate to contact me.

Yours faithfully

A handwritten signature in black ink, which appears to read 'Karen Millar', is positioned above the printed name.

Karen Millar
Paralegal
