

FOI Request – Ram 2019

Applicants for Engineering at Magdalene College, assessed in the current admissions cycle. Includes those applying to study Chemical Engineering via Engineering.

We have separated candidates into those made a conditional offer of a place at Magdalene and those rejected. In addition, four candidates who had applied to other colleges have been made a conditional offer to study at Magdalene through the winter pool – these candidates have not been included in the data below as they did not apply to Magdalene.

The information is presented in such a way as to avoid the disclosure of personal data, which is exempt under the Freedom of Information Act section 40.

	Candidates made a conditional offer of a place at Magdalene	Candidates rejected
1) Achieved / predicted scores (grades)	A*A*A*A* A*A*A*A A*A*A* A*A*AA	A*A*A*A* A*A*A*A A*A*A*B A*A*A* A*A*AA A*A*AB A*A*A A*A* A*AA A* AAA
2) Domicile	Home: 9 EU: 1 Overseas: 5	Home: 23 EU: 12 Overseas: 32
3) Subjects taken	Physics Mathematics Further Mathematics Chemistry Economics Design and Technology Accounting Applied Mathematics Biology English French Irish	Physics Mathematics Further mathematics Chemistry Biology Computer Science Chinese History Art Environmental Science Geography Liberal Studies Moral Education Physical Education
4) EngAA scores	1A: 5.7 (2.0-9.0) 1B: 6.0 (3.2-9.0) 2: 9.3 (5.0-14.0)	1A: 4.4 (1.0-9.0) 1B: 4.3 (1.0-9.0) 2: 6.8 (1.0-17.0)
6) Interview scores	7.4 (6.0-9.0)	5.2 (3-7.5)
7) Numbers and pool	15 in total, including four who were pooled by Magdalene and subsequently offered a place at Magdalene.	67 in total, including 15 who were pooled and not offered a place.

Additional notes:

1) Data is for A levels only. All grade profiles represented are given, but without the numbers of each in order to avoid sharing personal data. Some candidates have not offered any A levels, or have offered A levels in combination with other examinations at a similar level. Data for other examinations offered, such as the International Baccalaurate (IB), are not given as the numbers of candidates concerned are very small and so to do so would risk the disclosure of personal data.

3) Not all candidates have subjects listed, and different exam systems have very different numbers of subjects. All subjects listed have been included in the data (in some cases a candidate may have listed more than one aspect of a single subject, such as physics). The numbers studying each subject have not been given to avoid sharing personal data.

4) and 6) Mean and range (in brackets) are given as to give individual scores would risk the sharing of personal data of candidates and /or interviewers. Not all candidates took the ENGAA or were interviewed and therefore the information does not cover all candidates. Numbers have been rounded to one decimal place.
