

Thomas Ericson
By email

Reference: FOI-2017-539

1 December 2017

Dear Mr Ericson,

Your request was received on 6 November 2017 and I am dealing with it under the terms of the Freedom of Information Act 2000 ('the Act').

You asked for:

- 1) The number and percentage of students admitted each academic year (undergraduate and postgraduate) broken down by ethnicity, e.g. White British: 69.9%, Indian, 4.5% etc., for the years 2014-2017. I am aware that the categories of ethnicity will depend on your own institution, and how you collect data.*
- 2) The percentage of successful applicants admitted each academic year (undergraduate and postgraduate) broken down by ethnicity, e.g. White British: 20.1% applicants successful, Indian, 30.1% applicants successful etc., for the years 2014-2017. I am aware that the categories of ethnicity will depend on your own institution, and how you collect data.*
- 3) The number and percentage of students admitted for the academic year 2017/18 (undergraduate and postgraduate), for each individual course, broken down by ethnicity, e.g. Biology BSc: White British: 69.9% etc. I am aware that the categories of ethnicity will depend on your own institution, and how you collect data.*

1 and 3. This information is attached. For question 3, any numbers lower than 5 have been masked to prevent the risk of any individual student being identified. In presenting the information in this way, the University is engaging the exemption at section 40(3)(a)(i) of the Act because its release would breach the first data protection principle (the fair and lawful processing of personal data) as set out in Schedule 1 of the Data Protection Act 1998. This part of section 40 confers absolute exemption under the Act. Please note that the attached document should not be copied, reproduced or used except in accordance with the law of copyright.

The Old Schools
Trinity Lane
Cambridge, CB2 1TN

Tel: +44 (0) 1223 764142

UNIVERSITY OF CAMBRIDGE

Registrary's Office

2. This information is published in the annual statistical documents at <https://www.undergraduate.study.cam.ac.uk/apply/statistics> and <https://www.graduate.study.cam.ac.uk/admissions-statistics>, with the exception of the most recent cycle for which comparable publications will be uploaded by spring 2018. The information for the most recent cycles is therefore exempt under section 22(1) of the Act. As this is a qualified exemption, the University has considered whether, in all the circumstances of the case, the public interest in maintaining the exemption outweighs the public interest in disclosing the information. The University considers that, while there is an understandable general interest in its admissions statistics, the extensive publication arrangements that are in place are sufficient to meet that interest.

If you are unhappy with the service you have received in relation to your request and wish to make a complaint or request an internal review of this decision, you should write to Dr Kirsty Allen, Head of the Registrary's Office, quoting the reference above, at The Old Schools, Trinity Lane, Cambridge, CB2 1TN or send an email marked for her attention to foi@admin.cam.ac.uk. The University would normally expect to receive your request for an internal review within 40 working days of the date of this letter and reserves the right not to review a decision where there has been undue delay in raising a complaint. If you are not content with the outcome of your review, you may apply directly to the Information Commissioner for a decision. Generally, the Information Commissioner cannot make a decision unless you have exhausted the complaints procedure provided by the University. The Information Commissioner may be contacted at: The Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF (<https://ico.org.uk/>).

Yours sincerely,

James Knapton

Notes

- 1) Students moving to the clinical part of the courses in Medicine and Veterinary Medicine are counted as entrants. In 2017 the clinical part of the course was expanded to admit all students who started the pre-clinical course with us and this is the largest factor behind the overall growth in numbers from 2016 to 2017.
- 2) The numbers represent matriculated students only, i.e. those students who are members of the University of Cambridge. Non-matriculated students on credit-bearing and non-credit-bearing courses, such as certificates and diplomas offered by the Institute of Continuing Education are excluded.
- 3) All levels of study (undergraduate and postgraduate) and modes of study (full-time and part-time) available for matriculated students are covered.
- 4) Incoming exchange and other visiting students are excluded.
- 5) For each year numbers represent students admitted to their course in the 12 month preceding the census date (1 December)
- 6) Ethnicity categories are as defined by the Higher Education Statistics Agency (HESA) and are self-reported by students.
