## **Freedom of Information Act 2000**

Dear Mr Wright

I can confirm that some of the information requested is held by Birmingham City Council. I have enclosed copies of the information that is being released to you.

### **Request**

Please, could you provide copies of all traffic surveys and impact assessments relating to the proposed plan to close School Road in Moseley?

I would also appreciate any copies of reports that were used in the decision-making process that determined that the financial viability of this proposal.

### **Response**

Please find attached a copy of the Kings Heath Traffic Impact Study commissioned in 2017. This was used as the basis for commencing the experimental traffic regulation order for School Rd as it was not cost effective to repeat this again. We are now looking at traffic modelling using the 2017 report as a starting point and will be looking at the various junctions along School Rd. We will also undertake a before and after traffic count to determine the effect of the order.

A Full Business Case will be submitted to Cabinet in early 2019 that will include options appraisal, approvals, design, consultation and maintenance commitments. Based on this information Cabinet will then determine the financial viability of this proposal. Birmingham City Council therefore does not at this stage hold the information that you have requested.
