Morning

The documents that were returned to the SME's have now come back from [REDACTED]. See email trail below and links.

We will need to keep these files as a record before you do any further comments – accept the trackers etc. Happy to move the files back to Pre Kid upload as a revision. Let me know where you want them. I believe we will need to discuss at the meeting tomorrow.

Many thanks

Regards

[REDACTED]

I have now gone through all of the documents relating to my area (as per [REDACTED] email below) with the relevant SMEs and made final changes/comments as requested. Hopefully all self-explanatory but please come back to me for any further clarification.

[REDACTED] will need to run through the Environmental Compliance section as well.

The request has come through for a final check on the various part 2 documents [REDACTED] – you will already have received a similar email from [REDACTED]. The request is that these final reviews are **completed by the end of next week at the latest**.

Could I ask that you share with your teams as necessary and that the necessary changes are made to the documents via the links below. If you have any issues accessing the documents please contact [REDACTED] direct. Could I also ask that I am updated when the reviews are complete.

Thanks for your efforts so far, hopefully we are nearing the end (for now!).

The main comment is on clarification of ownership for specific roles and responsibilities – and belief that some content is missing / needs clarification.

- [REDACTED]  
Historic Environment: some comments/queries that need answering.  
[REDACTED]
- [REDACTED]  
Natural Environment: Some questions about terminology need answering  
[REDACTED]
- [REDACTED]  
Public Access and Recreation: some gaps and questions remain in the document. Requirement to drop in the MOD Welsh Language Scheme direction at the end?  
[REDACTED]
- [REDACTED]  
Forestry & Arboriculture: missing text in places, doesn't make sense.  
[REDACTED]
- [REDACTED]  
Coastal Marine Planning. Some outstanding issues from SME/1\*. Some comments. Obviously written by multiple people, no consistency throughout the document.  
[REDACTED]
- [REDACTED]  
Pest and Weed Control, Para 6-8 don't make sense – something may have been lost in transfer of document  
[REDACTED]
- [REDACTED]  
Environmental Compliance.  
[REDACTED]
- [REDACTED]  
Land Contamination: some content needs reviewing for fitting in with the document.

- [REDACTED] Unexploded Ordnance. Gaps in guidance/policy, is this being managed? A lot of commentary about the Working Group.
