PFA an updated draft JSP850. You will see after further scrutiny I have made further amendments. Apologies for the length of time it has taken me to get this back to you.

In regards to the inclusion of reference to s31(6) – having read through [REDACTED] advice I have removed this section in favour of some more general guidance covering boundary and public management.

If you have any questions or would like to discuss my amendments please do not hesitate to contact me.

Yours,
