Request	I would request the 2023 examiners report for finals and prelims Literae Humaniores, Philosophy, Modern Languages, PPE, Law, History, English.  Also, the 2021-2022 final examiners reports for Modern Languages, PPE, Law, History, English.

Dear Roger James,

I write in reply to your email requesting the information detailed above.

Several of the 2023 Examiners' reports are still being finalised following postponed final exam-board meetings necessitated by the late arrival of candidate marks, in turn caused by the marking and assessment boycott (MAB) observed by some academic staff during 2023.

It is difficult to be precise as to when the requested reports will be available, but we'd expect that if you confirm this element of your request again in four to six weeks' time, we will be able to provide a fuller response.

At present, we can provide the 2021-22 Examiners' Reports as requested.

We have redacted any information that might identify individuals, whether students, members of staff or external examiners, where we consider this information to be exempt from disclosure under section 40(2) of the FOIA. Section 40(2) provides an exemption from disclosure for information that is the personal data of an individual other than the requester, where disclosure would breach any of the data protection principles in Article 5 of the GDPR. We consider that disclosure would breach the first data protection principle, which requires that personal data is processed lawfully, fairly and in a transparent manner. Disclosure would be unfair to the individuals concerned, because it would be contrary to their reasonable and legitimate expectations. They would not reasonably expect that information about their role in the administration of an examination (in the case of members of staff and external examiners) or their performance in an exam (in the case of students) would be made public under the FOIA without their consent. Consequently, there would be no lawful basis to disclose the information under Article 6.1(a) of the GDPR.

The exemption in section 40(2) is an absolute exemption and is not subject to the public interest test provided for in section 2(2)(b) of the FOIA. To the extent that the public interest is relevant in this case, the University considers it is satisfied by the attached information and that the disclosure of names or other identifying information is not necessary to meet a legitimate public interest that would outweigh the rights of the individual(s) involved.

Please note that the attached information should not be copied, reproduced or used except in accordance with the law of copyright. In particular, any re-use for commercial purposes would require the permission of the University and/or any other copyright holders.
