The Trust provides investigations for patients with fertility problems but have not provided any licensed treatment since 2016.

Hartlepool and Stockton-on-Tees Clinical Commissioning Group determine eligibility for treatments in the locality. Their policy can be found on their website under the heading Individual Funding Requests(<https://www.hartlepoolandstocktonccg.nhs.uk/?s=value+based>) and we would suggest they can be contacted for further information regarding Freedom of Information matters at [hstccg.foi@nhs.net](mailto:hstccg.foi@nhs.net).
