Hi Colin

Add on £1-3K for the link to the web. I'll try to get confirmation of this first thing tomorrow.

Regards

Neil

Technical Displays have just got back to me with an estimated cost of circa £15k, for providing a connection in the translation booth area ready for a 3 party provider to connect to, that's where I presume you come into it Neil

The above includes for three cameras, software to interface with Bosch equipment and installation costs up to the both area.

Trust this is of assistance.

Regards

Len

Len,

This is now urgent and will be discussed at a Business Management Group meeting with the Chief Executive tomorrow.

Could you please let me have an indication of the likely costs by the end of the day please.

Diolch / Thanks.

Colin Davies

Len,

Can you please provide an estimate in respect of the above as it is something the Council will be considering in the near future.

Diolch / Thanks.
