POSTGRADUATES

There are approximately 75 students who have intermitted between 1 October 2015 and 30 September 2020, both medical and non-medical intermission and including part-time students.

Students following Postgraduate courses do not go through a College based Fitness to study process, but apply to intermit to the University. When they are ready to return, they apply to return with a fitness to study letter which is reviewed by the University. Postgraduate students following Undergraduate courses (such as MAST in Mathematics, Clinical Medicine etc) would apply via the University EAMC.
