Response:

Your request for information has now been considered. Northamptonshire Police cannot supply the information you requested for the reasons set out below.

Section 17 of the Freedom of Information Act 2000 requires Northamptonshire Police, when refusing to provide such information (because the information is exempt within the provisions of the Act) to provide you, the applicant, with a notice which:

- a) states the fact,
- b) specifies the exemption in question and
- c) states (if that would not otherwise be apparent) why the exemption applies

In relation to your particular request, the following exemption applies:

Section 12 - Exemption where cost of compliance exceeds appropriate limit;

Section 12(1) of the FOIA provides an exemption from a public authority's obligation to comply with a request for information where the cost of compliance is estimated to exceed the appropriate limit.

The information you are requesting in relation to Roof Code/Aerial Code is not held by Northamptonshire Police in any reasonably retrievable form. The only means of establishing information of the nature you are requesting would be by way of manual examination of all vehicle records

It is my assessment that the cost of providing you with the information requested would exceed the 'appropriate level' as set out in the Freedom of Information (Appropriate Limit and Fees) Regulations 2004 which is currently £450 for 'prescribed costs'. It would cost 348 (number of records) x 5 minutes each (minimum) = over 29 hours at £25 per hour to respond to your request.

By way of explanation, the vehicle's aerial/roof code is not recorded in a searchable field, and would require the vehicle record to be manually searched to locate this information.

In view of the above, and in accordance with the provisions of the Freedom of Information Act 2000, please take this letter as a Refusal Notice.

You may wish to refine and resubmit your request so that it reduces the costs shown above and is then within the 'appropriate limit' shown above. (I cannot think of a means to refine the request in order to provide the information you are seeking) but if you would like some further information about how to proceed with your request then please contact FreedomofInformation@northants.pnn.police.uk

Although excess cost removes the force's obligations under the Freedom of Information Act, as a gesture of goodwill I have supplied information, relative to your request, retrieved before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of the request.

Please see the data on the following pages which lists all marked and unmarked vehicles that Northamptonshire Police own at 20 January 2020 by make, model, year, registration number, department and vehicle base, except any vehicles used in a specialist capacity. If cost was not an issue, then these details would be exempt by virtue of Section 31(1)(a)(b)(c) - Law Enforcement.

Northamptonshire Police routinely publish information on our website via the Publication Scheme. The aim of the Publication Scheme is to promote openness and transparency by voluntarily placing information into the public arena.
