15th November 2018 @2pm
Central House, BSO, Conference Room, Belfast

- BHSCT staff are aware that both Nolan and Spotlight are planning programmes to look at the Roma community. No dates identified as yet.
- RRCANI have planned a protest outside PHA Headquarters tomorrow.
- [REDACTED]
[REDACTED] [REDACTED] [REDACTED] will be based in the Early years project (Roma children attend).
- [REDACTED] continues to be supported by BHSCT staff.
- Q2 monitoring – [REDACTED] Many Q1 targets had been exceeded and [REDACTED] hopes that the targets will get back on track by the end of Q4. There has been spend on programme costs. This was because some of the programme costs had to be paid up front.
- There were discussions around Belfast Trusts consideration of the future of the service. In other areas of Belfast 'multi-cultural' hubs are being considered. This will ensure integration among local communities but at the same time support is given to minority ethnic groups such as the Roma.
- It was agreed that BHSCT would continue conversations with South Belfast Surestart to support the local Roma community.
- Learning from the BHSCT funded Roma project will be shared with the northern area.
- BHSCT will keep PHA informed regarding any further issues.
