Merilyne

Please find attached our advice on crime mapping for information. You may have received a copy via your colleague on the Steering Group however it has been updated since then so this is the final version. It will be going onto our website early next week. I've not circulated to other Forces but have sent a copy to ACPO so you may well receive it again from them. Let me know if you have any queries on this.

I'll see you on the 9th when you're up here for the 'disproportionate effort' meeting.

Regards

Meagan

Hi [REDACTED] could you forward this email to Ian please. Thanks, Meagan

Ian

We have now issued our advice on crime mapping which I attached for information. You may have received a copy via the Steering Group however it has been updated since then so this is the final version. I will arrange for the updated version to be circulated to Steering Group members. The Advice will help organisations who publish crime maps to balance the transparency benefits of doing this with the privacy risks it can pose. It will be going onto our website early next week.

Regards
Meagan

Jane/Belinda/Lizzie

We have issued Advice on crime mapping which is attached for information.

This is to help organisations who publish crime maps to balance the transparency benefits of doing this with the privacy risks it can pose. There are a number of current initiatives which we are aware of and we understand this will continue particularly as a result of the publication of spatial data sets under the 2009 Inspire Regulations. This will be going on our website early next week. Please let me know if you have any questions.

Regards

Meagan
