Where a service or business need exists invoicing in arrears is permitted. The reason why invoicing in arrears is necessary should be clearly documented, with an agreed timescale for raising the invoice, and the decision must be confirmed by the appropriate Chief Officer. - if sustainability of subsequent accommodation may be affected by collection, and the risk of repeat homelessness increased;
- whether the relative cost/benefit impact is uneconomic, taking account of any indirect costs which may be incurred; and
- the vulnerability of the household members.

The Chief Officer - Customer Experience and The Chief Officer – Early Intervention and Community Empowerment will submit annual joint reports to the City Growth and Resources Committee advising of the number, value and reasons for such accounts to be written off.

The Chief Officer - Customer Experience and The Chief Officer – Early Intervention and Community Empowerment shall also submit reports, no less frequently than annually, to the City Growth and Resources Committee advising of the number and value of debts exceeding the delegated authority outlined above that they recommend for write off. The care, custody and level of stores and equipment in any service shall be the responsibility of the appropriate Director who will ensure that:

- adequate records are kept to maintain efficient and effective control over receipt and issue of stocks and stores items;
- stocktaking is carried out periodically by persons other than storekeepers as agreed by the Director;
- the arrangements for generating the year end stock figures are notified to the Chief Officer - Finance; and

Any discrepancies between actual stock held and the book value recorded shall be notified to the Chief Officer - Finance, whose agreement shall be obtained prior to them being written off. All write offs in excess of £10,000 must be reported to the relevant Council committee for their approval.

Each Chief Officer shall report annually on the certificate of assurance on the effectiveness of internal financial controls to the Chief Officer - Finance the total values of write-offs and surpluses of stock and the net effect of these adjustments on the book value of consumable stores under his or her control. The relevant Chief Officer should also provide a brief explanation of the reasons for any differences.

5.6.3 Inventories

Each Chief Officer shall maintain on a continuous basis an inventory of equipment, furniture, information technology hardware and software, etc. While the Chief Officer – Digital and Technology has the responsibility for the maintenance of information technology (hardware and software), Chief Officers shall still maintain their own inventory of equipment, furniture, information technology hardware and software, etc. in operational use.

Generally moveable items costing in excess of £1,000 should be included.

Each Chief Officer is responsible for an annual check of all items in the inventory. This ensures that:

- new items have been entered on inventories (with date of purchase, value, etc.);
- all details (numbers, description, serial numbers, location, etc.) are recorded; and
- inventory items are present.

Each Chief Officer is responsible for taking action in relation to any surpluses or deficits of inventory items, to ensure that these are investigated promptly and reported to the Chief Officer – Finance, who will take appropriate action in relation to the recording of assets.

Each Chief Officer will nominate an appropriate officer from within their own Service responsible for maintaining inventories.

It must be determined by a competent person that an inventory item is beyond economic repair before disposal or that there is reasonable justification for disposal. Prior to any disposal, this information must be recorded in the inventory register.

5.6.4 Use of Equipment

The Council's property shall not be removed other than in the course of the Council's normal business or used other than for the Council's purposes without the specific approval of the Director of the Service concerned.

5.6.5 Levels of Stock

Service managers shall assess the normal level of stock required to manage the service in the most cost effective and efficient manner and shall seek to maintain stocks at that level. Approval to exceed the normal stock level if special circumstances arise shall be sought from the Council Committee concerned.

The Chief Officer – Governance will have custody of all title deeds and lease documents and shall ensure their security.

The Chief Officer – Operations and Protective Services will maintain an asset register of all vehicles, plant and equipment.

Each Director shall be responsible for maintaining proper security, custody and control of all fixed and movable assets under their control. The Chief Officer - Finance shall be consulted by the Director as appropriate in any case where security is thought to be defective or where it is considered that special security arrangements may be needed.

5.7.2 Theft or Loss

Each Chief Officer is responsible for ensuring that the Chief Officer - Finance is immediately informed of any theft or loss of an asset (including cash).

All losses of documented information or devices holding information such as laptops, mobile devices and flash drives must also be reported to the Chief Officer – Governance. Reference should be made to the Data Protection guidance referred to at 4.11.

5.8 Disposal of Surplus Assets

5.8.1 All surplus goods and materials in excess of £10,000 in value to be disposed of by any part of the Council shall be advertised for sale either by inviting sealed offers or by public auction, unless in special circumstances (of which the Committee concerned shall be the judge) it is otherwise decided.

5.8.2 The appropriate Chief Officer shall arrange for the disposal of surplus goods and materials valued at £10,000 or less by any means s/he deems appropriate, provided that the Chief Officer-Finance has approved disposal thereof.

5.9 Leasing

5.9.1 General

No leasing of equipment or capital assets shall be undertaken on behalf of the Council without the prior approval of the Chief Officer - Finance and Head of Commercial and Procurement Services.

Leased equipment is the property of the lessor and cannot be sold, assigned or otherwise disposed of by Services.

5.10 Insurance

5.10.1 Responsibility for Insurance

The Head of Commercial and Procurement Services shall arrange and effect, or authorise the Insurance Officer to arrange and effect, all insurance cover on behalf of the Council. S/he shall also settle or repudiate, or authorise the Insurance Officer and other officers to settle or repudiate, all claims made against the Council which involve the Council's insurers. Such settlement or repudiation shall follow consultation with other officers where necessary.

Chief Officers will ensure that all officers in their Service adhere to all insurance policy requirements.

The Head of Commercial and Procurement Services will arrange that the Council regularly tests the market by way of competitive tender to ensure that best value is achieved.

5.10.2 Notification of Risks

Chief Officers shall give prompt notification to the Head of Commercial and Procurement Services of all new or increased risks, properties, vehicles, stocks and stores which require to be insured and of any alteration affecting existing insurances. This should be done at the inception of a new project or proposed change, to ensure that Insurers requirements are met.

5.10.3 Notification of Claims

Chief Officers shall notify the Head of Commercial and Procurement Services and Chief Officer - Finance immediately in writing of any loss or any event likely to lead to a claim. Directors may also inform the Police where appropriate. All liability claims made against the Council shall be referred to the Insurance Officer in the first instance, without delay.

Upon notification to the Police, a crime report number should be obtained and notified to the Insurance Section.

The Chief Officer - Governance will notify the Insurance and Claims section (in Commercial and Procurement Services) of any corporate investigations which may be of interest to the insurers.

The relevant Chief Officer shall also advise the Chief Officer - People and Organisation of all cases involving Employer's Liability claims.

5.10.4 Fidelity Guarantee Insurance

The Council is covered under Fidelity Guarantee insurance for any dishonest act by an employee. This cover does not apply to associate or subsidiary companies, joint ventures or trusts, who would each require to provide their own Insurances.

5.10.5 Review of Insurance Cover

The Head of Commercial and Procurement Services, following consultation with the Head of Finance and Directors, shall annually, or at such other period as may be considered necessary, review all insurances regarding premium levels, claims experience and assessment of risk. The Head of Commercial and Procurement Services may decide not to insure for certain risks or to self-insure.

5.10.6 Indemnities

The Head of Commercial and Procurement Services shall consult with the relevant Director, the Chief Officer - Finance and the Chief Officer – Governance, regarding the terms of any indemnity that the Council is requested to give.

5.11 Gifts and Hospitality

5.11.1 General

It is important that officers are aware that it is a serious criminal offence to receive or give any significant gift, loan, fee, reward or advantage for doing or not doing anything, or for showing favour or disfavour to any person in the course of work for the Council. Aberdeen City Council's Anti-Bribery Policy is in accordance with the Bribery Act 2010 which makes it illegal to offer or receive bribes.

Insignificant gifts are classified as diaries, calendars, pens and similar tokens with a monetary value of £30.00 or less.

Working lunches or dinners can be an appropriate method of business provided that no extravagance is involved, and the occasions are infrequent

(infrequent is defined as fewer than 4 times in a 12-month period). Where there is a business need for increased frequency then this should be discussed and agreed by the relevant Chief Officer and paid for from within approved budgets.

Likewise, it can be reasonable for an officer to represent a Service of the Council at an external social function or event organised by outside bodies. Acceptance of such invitations must be first approved by the officer's Chief Officer and the Chief Officer's by their Director and Directors by the Chief Executive. The Chief Executive should seek approval from the Chief Officer – Finance, as Section 95 officer.

5.11.2 Register for Gifts and Hospitality

Chief Officers will hold a Register for Gifts and Hospitality within their service.

All gifts, whether accepted or not, that are not considered to be insignificant or that cannot be considered reasonable hospitality received directly in connection with any meeting, function or conference must be recorded in the appropriate Register for Gifts and Hospitality.

Gifts are considered to be insignificant and may be excluded from the Register if they have a monetary value of £30.00 or less.

5.11.3 Bequests

Bequests left to individual staff members should be returned to the Executor of the Will with the suggestion that a donation could be made to, for example, a Residential Home's Amenity Fund. Similarly, relatives of clients who wish to show their gratitude should be similarly advised.

5.11.4 Improper Handling of Gifts & Hospitality

Where it is suspected that an improper motive exists or a "special deal" not otherwise available is offered on a personal purchase from a supplier with whom the officer has a working relationship, the officer concerned should report this immediately to their Chief Officer. In the case of a Chief Officer, they should report this to their Director who should, following consultation with the Chief Executive, decide on appropriate action. Appropriate action may include the possible withdrawal from a tendering exercise or referral to the Police. The Chief Officer - Finance and Chief Officer - Governance must be informed of all such instances.

Any allegations of the soliciting of gifts by an employee of the Council will be subject to the Council's disciplinary procedure.

5.12 Purchasing

5.12.1 Value for Money

Local authorities must secure best value in accordance with section 1 of the Local Government Scotland Act 2003. Section 10 provides further information on the 2003 Act and Best Value.

Each Director and Chief Officer must ensure that the Service achieves best value from any purchase before making any commitment.

All purchasing and Orders for supplies, services and works must be undertaken in accordance with the Procurement Regulations.

All purchases of computer and telecommunications equipment must be co-ordinated through the Chief Officer – Digital and Technology.

In procuring equipment, particularly ICT equipment, regard should be held for business continuity in case the equipment fails at some point in the future.

5.12.2 Orders for Supplies, Services and Works

Purchase Orders are only to be issued for supplies, services and works which are lawful and only if the cost is covered by a budget allocation.

No supplies, services or works shall be ordered or instructed except on an official Purchase Order form, which shall be in an approved format and in accordance with Regulation 7 of the Procurement Regulations.

Purchase Orders must be issued for all supplies, services and works, or such other expenditure as the Chief Officer - Finance may require. A list of exemptions from the requirement for a purchase order is maintained by the Chief Officer - Finance and is included in this document as Appendix A.

On-line ordering is to be controlled by restricted access to approved officers with financial limits set in the PECOS purchasing system to the appropriate values.

Once the supplies have been received, or services or works completed, then the Order shall be receipted to confirm that it is complete, or part delivered, and invoice payment can be progressed accordingly.

5.12.3 Payment of Accounts

Each Budget Holder shall be responsible for ensuring the prompt examination, verification and certification of all invoices, vouchers and accounts relating to their Service.

Invoices must be processed for payment in accordance with the supplier's credit terms with expenditure authorised by authorised signatories (electronically through PECOS / Infosmart or with original signature). Signature stamps must not be used.

The Council has adopted a "No Purchase Order No Pay" approach to managing procurement expenditure, and as a result invoices will not be paid unless a purchase order has been raised. A list of exemptions from the requirement for a purchase order is maintained by the Chief Officer - Finance and is included in this document as Appendix A.

All supplier invoices should be addressed to the Business Services team. Any invoices received elsewhere shall be redirected to them for processing through the Council's workflow systems to enable a comprehensive audit trail to be maintained and electronic access to such records.

No officer shall authorise an account for their own reimbursement or for a close relative or business associate.

VAT must be accounted for in accordance with the relevant legislation and further information on VAT can be found in Section 5.14.

5.12.4 Partnerships and Joint Ventures

Prior to entering into any formal partnership or joint venture agreements with other parties the relevant Chief Officer must advise the Chief Officer - Finance and the Head of Commercial and Procurement Services of the on-going negotiations.

No partnership or joint venture agreement is to be formally entered into without the prior agreement of the Chief Officer - Finance and Head of Commercial and Procurement Services.

Before any partnership or joint venture is entered into, the selection criteria must be determined in advance, documented and be consistent with the nature of the contract.

5.13 Consultants & Sub-Contractors

5.13.1 General

Consultants, usually professional specialists who charge a fee, can be used to carry out work or to undertake specialised work for which there is a lack of experience/expertise by Council employees. It is therefore necessary to control the work and terms and conditions of such people or companies to ensure that value for money is achieved and that the Council's services are not compromised.

If Council officers would normally be expected to provide the service or advice but have sub-contracted the work due to lack of capacity then, this should not be regarded as consultancy work, but rather as sub-contracted work and coded accordingly.

5.13.2 Contract

All purchasing and Orders for consultancy services and/or sub-contract work must be undertaken in accordance with the Procurement Regulations.

5.13.3 Payment of Fees

The relevant Chief Officer should ensure that fees are only paid when the work fulfils the specification.

It is acceptable for interim payments to be made during the period of the engagement provided the consultant and/or sub-contractor has demonstrated that the claim for payment reflects the work that has been undertaken to that point.

5.14 Taxation and VAT

5.14.1 General

The Chief Officer - Finance will be responsible for the taxation procedures of the Council, ensuring where possible, that tax liabilities and obligations are properly reported and accounted for, avoiding any possible losses.

Where transactions of a new or unusual nature are being considered the Chief Officer - Finance should be consulted on the tax implications before committing the Council.

5.14.2 Value Added Tax (VAT)

As with all VAT registered organisations, the Council is responsible for managing its VAT affairs in accordance with the Value Added Tax Act 1994, and VAT Regulations issued by Her Majesty's Revenue and Customs (HMRC).

HMRC VAT Regulations can be extremely complex and HMRC have the power to apply significant financial penalties for failure to comply with statutory requirements. Therefore, it is very important for all officers to be aware of their role in ensuring the Council's compliance with and adherence to HMRC's VAT regulations.

Services will be responsible for interest and/or penalties charged by HMRC where the Service has failed to obtain, or comply with, appropriate VAT guidance that results in the incorrect VAT treatment.

Chief Officer - Finance Responsibilities

It shall be the responsibility of the Chief Officer - Finance to secure arrangements for the administration and accounting of VAT to ensure compliance with all statutory requirements including such returns as are required within laid down timescales.

Chief Officers Responsibilities

Chief Officers shall ensure that arrangements are in place to properly establish the correct liability, process and accounting for VAT.

All officers in the Council who have financial responsibilities are responsible to the Chief Officer – Finance, through the Council's VAT Officer, for the provision of accurate Value Added Tax (VAT) information.

Chief Officers shall ensure that any VAT invoices and VAT receipts that are held by their officers are retained for the prescribed statutory period.

Chief Officers will also retain documentation supporting all income raised by debtors invoice and documentation supporting all non-invoiced income, including amounts lodged directly with the bank and cash collected directly by services.

The treasury management team and the bank reconciliation team must be given the relevant documentation, financial coding and VAT coding for any transactions coming into or going out of the bank account.

General

Aberdeen City Council VAT Registration Number 663 7266 13

To reclaim VAT, the council must have a valid tax invoice from a VAT registered trader and be able to produce it on request. Posting of the relevant VAT entries happens automatically when the correct VAT codes are used. The VAT Codes are:

S	Standard Rate (currently 20%)
R	Standard Rate – PECOS orders
C	Outside Scope
F	Reduced Rate
Z	Zero Rated
E	Exempt

VAT Errors

If input tax is claimed and not supported by a valid invoice, or output tax is under declared, the council may be liable for penalties for misdeclaration of VAT. When errors arise due to incorrect VAT coding this can impact on the amount of revenue posted to the income and expenditure account.

To correct this error, the Council's VAT Officer will adjust the relevant VAT return on the completion of a journal entry.

If the sum of errors in any one VAT period (1 calendar month) is greater than £50,000, the Council is required to make a voluntary disclosure to HMRC. Between £10,000 and £50,000 a voluntary disclosure is required if the sum is more than 1% of that month's turnover (as shown in box 6 of that month's VAT return). A voluntary disclosure is not required if the sum of errors in the VAT period is below £10,000.

HMRC periodically inspects the Council's records and any errors discovered by them during the inspection will be automatically deducted from payments due to the Council on the next VAT return. The Council may be liable for interest and penalty charges in these circumstances. Penalties may be greater if the error is discovered by HMRC rather than via a voluntary disclosure.

Any penalties or interest charges levied are an additional expense to the Council. If caused by the failure of an officer to comply with these Regulations, then that officer's Service will bear the cost of the penalty or interest.

5.15 External Funding / Grants

5.15.1 General

Receivable - External funding is a source of income. Funding conditions need to be considered to ensure they are compatible with the objectives of the Council.

There are many sources of external funding, such as the European Union, the Scottish Government and other Public Bodies and officers are to be alert to the opportunity of securing additional funding, especially in the context of projects.

Payable - The Council is relying upon external organisations to deliver services on its behalf and it is incumbent upon it to ensure that where external funding pays for service delivery it has robust and comprehensive governance of those funds. Where grants to outside organisations are being considered then careful consideration and compliance with the Aberdeen City Council Code of Practice on Funding External Organisations and Following the Public Pound must be followed.

Following the Public Pound

Further information on providing funding to partners and ALEO's is set out in section 5.16 below.

Approval of grants, both receivable and payable, must be compliant with Committee Terms of Reference and Powers Delegated to Officers, as appropriate.

5.15.2 Match Funding

Match funding occurs where external funding is payable only on the basis that it is matched by other funders, or by the recipient themselves.

Where External Funding is Receivable failure to achieve the match funding will put the Council at risk of losing the external funding proposed. The Council officer responsible for obtaining the external funding must produce a business case to support the application. The business case must include confirmation of the match funding. The match funding must be confirmed by the said officer prior to submitting the application for external funding and entering into any agreements. The business case should be signed off by the Director of the relevant Service and the Chief Officer - Finance.

Where match funding is being provided by the Council itself, then this may be in the form of attributing a value to specific staff, property or other supplies and services costs. The external funder will require to see evidence that those costs have actually been incurred by the Council. To provide this evidence a mechanism for justifying and accounting for those values must be put in place. This may involve the use of time recording systems or other estimation techniques. In these circumstances the Council officer managing the project shall seek guidance from the Chief Officer – Finance.

It is essential that match funding and project costs are closely monitored by the officer managing the project to take account of changes in cost profiles and to ensure that the full project value is captured and reflected in the Council's Medium Term Financial Plan.

Where match funding is being provided to the Council by a third party, suitable documentation should be put in place between the Council and that party to ensure that the Council is not exposed to unnecessary financial risk because of its commitment to deliver the project. The Service must put in place a clear process to ensure that the funds are drawn down from the third party in line with a timetable of funding that should be agreed prior to the start of the project. The timetable will be reflective of the cost profile submitted as part of the external funding application.

Where External Funding is Payable failure to ensure that the match funding is obtained may put the Council at risk of both exposure to additional costs and a failure to complete the project and achieve the benefits anticipated. The budget holder must arrange for a suitable analysis of the costs of a project to be carried out to determine the requirements for match funding that is being requested from the outside body. The Council must be satisfied that only reasonable costs are included in the proposed project and that the request for grant funding, to match other partners, is appropriate.

Where match funding is being provided by the Council to an external body suitable documentation should be put in place between the Council and that body to ensure that the Council is not exposed to unnecessary financial risk because of its commitment to deliver the project. The Service must put in place a clear process to ensure that the funds are drawn down from the Council in line with a timetable of funding that should be agreed prior to the start of the project. The timetable will be reflective of the cost profile submitted as part project proposal / application for funding made.

5.15.3 Grant Offers and Claims

Where External Funding is Receivable – Prior to acceptance of external funding the Director, the Chief Officer - Finance and the Head of Commercial and Procurement Services will require to be satisfied that the terms of an external funding grant can be met.

The Director must ensure that all funding received by the Council from external bodies, government bodies, other agencies, partner organisations etc. is received. S/he must also ensure that the income and expenditure is properly accounted for and complies with the conditions of the funding.

All claims for grant funds are to be made promptly by the due date.

All grants are to be paid directly to the Council.

The relevant Chief Officer shall identify a responsible officer to monitor compliance with grant conditions.

Grant claims for European Union funding must be properly authorised by the appropriate Director and the Chief Officer - Finance will arrange for suitable independent audit of the claims to be carried out.

Where External Funding is Payable – Reference must be made to the Council's Code of Practice on Funding External Organisations and Following the Public Pound for guidance.

Following the Public Pound

5.16 Partnerships and Relationships with External Bodies

5.16.1 General

Chief Officers will be responsible for ensuring that any funding relationships with external bodies, other than those which are operated on a contractual basis, are operated in accordance with the:

- “Code of Guidance on Funding External Bodies and Following the Public Pound” issued by the Accounts Commission,
- the associated COSLA Operational Guidance; and
- the Council's own local Code of Practice.

5.16.2 Relationship Management

The Council will appoint a suitable individual to establish and maintain the relationship between itself and the external body.

In considering an application for funding, due consideration in line with the code of practice should be given to the following areas:

- Aims and objectives of the external body and how they align to those of the Council; and
- Financial viability, risk and control.

5.16.3 Funding Agreement

The Council will put in place an appropriate funding agreement to set out the responsibilities of the external body to report back on outcomes and achievements to demonstrate their accountability towards the funds and the value that has been derived.

Detailed advice and checklists are available in the Aberdeen City Council Local Code of Practice for Funding External Bodies and Following the Public Pound.

5.16.4 Group Entities

The Council recognises the importance of its relationships with those organisations that form part of its group. In so doing, the Council has approved a range of requirements to be adhered to by the group entities. These include requirements for the Council to scrutinise group entities, with specific reference to:

- Management assurance;
- Internal and external audit reports;
- Business planning;
- The system of risk management;
- The roles and responsibilities of the Board; and
- The work of the ALEO Assurance Hub.

The Head of Commercial and Procurement Services shall use reasonable endeavours to ensure that all contracts to be entered into with Group Entities will provide that each group entity must:

- i. comply with all reasonable requests to co-operate with the ALEO Assurance Hub (applies only to those group entities that are considered to be ALEO's);
- ii. provide quarterly and year end information for inclusion in the Council's financial performance reports and the Annual Accounts in accordance with the timetable set by the Chief Officer - Finance. To include provision of an audited set of annual accounts and external audit report;
- iii. provide such assistance as the Chief Officer - Governance or Chief Officer - Finance may require in the production of the annual governance statement;

- iv. submit a Certificate of Assurance on the Effectiveness of Internal Financial Controls, as prescribed by the Chief Officer – Finance, on an annual basis;
- v. afford the Council’s Internal Auditors (whether employed directly by or engaged by Internal or External Audit) full access rights as listed in 3.4; and
- vi. afford the Council’s External Auditors the same rights of access as set out in 3.6.1.

5.17 Internal Audit

5.17.1 General

Guidance regarding the provision of an effective system of internal audit is provided by the United Kingdom Public Sector Internal Audit Standards (PSIAS).

The function of Internal Audit is based upon the following principles:

- it must be completely independent of all systems operating within the Council with no authority or responsibility for activities which they audit; and
- it may concern itself with any activity, function or operation of the Council.

The Council will secure an Internal Audit function through the employment of suitably qualified individuals or through entering into a binding contract with an external supplier of such services. The Chief Officer - Governance will manage the relationship that is put in place.

The Chief Officer – Governance shall be responsible for overseeing an independent and effective internal audit function.

The Chief Internal Auditor shall report on a regular basis to the Audit, Risk and Scrutiny Committee and they must:

- annually provide a copy of the Internal Audit plan drawn up after discussion with Chief Officers for the Committee’s information, input and approval;
- report on all work carried out and the follow up status of previously reported work;
- provide an assurance for the reliability of existing and new financial systems and other management controls throughout the Council, including trusts where the Council is sole trustee or able to exercise overall control.
- prepare an annual report, including their audit opinion, on the overall adequacy and effectiveness of the Council’s control environment; and
- liaise closely with External Auditors to ensure the Council derives maximum value from the combined resource.

5.17.2 Responsibilities of Senior Management

It is the responsibility of the Council's Chief Officers to ensure that:

- internal auditors and officers undertaking investigations are given access at all reasonable times to premises, personnel, documents and assets that the Auditors/Investigating Officers consider necessary for the purposes of their work;
- auditors and investigating officers are provided with any information and explanations that they seek in the course of their work, within a specified timescale; and
- any agreed actions arising from audit recommendations are carried out in a timely and efficient fashion.

It is also the responsibility of Chief Officers to consider and respond promptly to recommendations in audit and investigations reports.

5.18 Financial Irregularities

All officers shall inform their Chief Officer immediately of any circumstances which may suggest an irregularity affecting the finances, property, services or policy of the Council. These shall be reported immediately by the Chief Officer to the Chief Officer – Finance and Chief Officer – Governance. Pending investigation and reporting, the Chief Officer is to take all necessary steps to prevent further loss and to secure records and documentation against removal or alteration.

The Chief Officer - Finance or Chief Officer – Governance may investigate such incidents as they consider appropriate.

If, on consideration of the results of such an investigation, the Chief Officer - Finance and Chief Officer – Governance are of the opinion that there may be a breach of criminal law they may, after taking advice from the Chief Officer – Governance, report the matter to the Police.

When an officer is suspended pending the conclusion of an investigation into a possible irregularity, or if an officer resigns in such circumstances, then that officer shall immediately surrender all Council property they may have including all money, portable ICT equipment, flash drives and keys. The officer shall be instructed not to enter Council premises without prior agreement and not to contact other Council officers in relation to the matter under investigation. The officer's Chief Officer must also ensure that passwords and computer access by the officer under investigation are also immediately withdrawn.

5.19 Deposit of Trust Securities

- 5.19.1** All officers acting as trustees by virtue of their official position shall deposit all securities, bank passbooks and documents and articles of value relating to any trust with the Chief Officer - Finance unless the relevant trust deed provides otherwise.

5.20 Control of Registered Charities, Trust Funds and Other Funds

5.20.1 Custody and Control

The Chief Officer - Finance shall ensure:

- 1.** the proper and safe custody and control of all charitable and other funds held by the Council;
- 2.** that all expenditure is in accordance with the conditions of the fund; and
- 3.** that such charitable funds are held in accordance with regulations laid down by the Office of the Scottish Charity Regulator.

All registered charities, trust funds and other funds shall, wherever possible, be in the name of the Council or refer to the Council. All monies left in trust to the Council or to be administered by its officers shall be notified immediately to the Chief Officer - Finance, unless the trust's deed outlines otherwise.

5.20.2 Investment

All investments of money under the Council's control shall be made by the Chief Officer - Finance in the name of the Council or in the name of nominees approved by the City Growth and Resources Committee. Any investments made will be made in accordance with the Treasury Management Strategy approved by the Council.

5.20.3 Audit

Where elected members (all or some) of Aberdeen City Council are the sole trustees of registered charities, the charities will be subject to external audit by the Council's appointed external auditor.

5.21 Control of Common Good

5.21.1 Purposes for which Common Good monies may be utilised

Items of expenditure which can be met from the Aberdeen City Council Common Good must be for:

- upholding the dignity of the City;
- the prudent management, upkeep and improvement of those items of Council property which form part of the Common Good;
- safeguarding the corporate rights of the community and defending its interests;
- granting donations to public institutions or charities – this must be exercised in the interests of the general public of the City; and
- any other purpose which in a reasonable judgement of the Council is for the good of the community as a whole, or in which the inhabitants may share; as distinct from the interest or benefit of any particular individual or group.

Overall, the purposes for which Common Good monies may be utilised are limited to the City and its interests.

Where there is a doubt about whether Common Good monies can be used for a particular purpose then in the first instance advice should be sought from the Chief Officer – Governance.

5.21.2 Common Good Investment Strategy

The Common Good Investment Strategy was approved by the Finance and Resources Committee in December 2012. The Chief Officer - Finance is responsible for reviewing the Strategy and reporting any proposed changes in the Strategy to the City Growth and Resources Committee.

5.22 Voluntary Funds

5.22.1 General

A voluntary fund is any fund (other than an official Council fund) which is managed wholly or in part by a Council employee. Examples of such are School funds and funds to support Social Work Services establishments. Directors shall supply the Chief Officer - Finance with a list of all employees who are signatories to such funds.

Such funds are to be subject to the same financial rigour and probity as if they were Council funds.

5.22.2 Financial Control and Administration

The financial control of voluntary funds must reflect the standards required of public funds.

The Chief Officer - Finance or their representative may examine the accounts and records of the fund if held by a Council employee and ask for such records, explanations and information as they may require.

In the event of any loss of voluntary funds the Council accepts no responsibility whatsoever, and no person has any authority to bind the Council to accept such liability.

Money due to the Council shall not be paid into any voluntary fund, either permanently or temporarily.

The Council employee shall keep all money, goods, or property of the voluntary fund, separate from those of the Council. The Council employee must not use official Council order forms for voluntary funds.

The Council employee shall at the end of each financial year submit a return stating the balance held and a copy of the audit certificate & accounts to the Chief Officer – Finance.

5.22.3 Employee Involvement

The Council employee must inform their line manager of any involvement in a voluntary fund and state the position they hold within the fund. The line manager must ensure proper accounts of the funds activities are kept and that an independent audit is carried out at annual intervals by a competent auditor appointed by and reporting to the fund's controlling body. An audit should be carried out whenever an employee relinquishes this responsibility and hands over the funds to another person.

5.23 Pension Funds

5.23.1 General

The Chief Officer - Finance shall be responsible for the financial affairs of the North East Scotland Pension Funds. The investment of Pension Funds monies shall be made in the name of the nominees approved by the appropriate Committee and such investments shall be within the policy determined by the Council.

Specific guidance on the financial regulations relating to the Pension Funds can be found in Section 12. To the extent that section 12 varies from the general financial regulations, Section 12 shall take precedence for the Pension Funds only. For matters not specifically covered within Section 12, the Pension Funds will take due guidance from the general financial regulations. Should the Pension Fund officers still have any doubt on interpretation or implementation of the general financial regulations, further guidance shall be sought from the Chief Officer-Finance.

5.24 Amendments to Financial Regulations

5.24.1 Non-material amendments to the Financial Regulations can be made by the Chief Officer - Governance, following consultation as required by Powers Delegated to Officers, without the requirement to report to Full Council.

6. FINANCIAL MANAGEMENT & CONTROL - ROLES AND RESPONSIBILITIES

6.1 Introduction

6.1.1 Aberdeen City Council is committed to achieving Best Value and the highest possible standards in the delivery of its services. The Council attaches a very high priority to exercising strong control over the management of its financial resources. Both objectives are facilitated by the provision of high quality financial management and control, through continuous improvement, to meet both statutory requirements and the needs of clients/customers in the most efficient and effective manner.

6.1.2 Financial management is provided to the Council, its Committees and Services through an accounting function that provides corporate financial management and service specific accounting. Within all Services, budget holders undertake financial management in varying degrees.

6.1.3 The Financial Regulations define the respective roles and responsibilities of officers in both the accounting function and Services. Compliance with the Financial Regulations will improve the effectiveness of financial management

and control and ensure the continued development of best practice.

6.2 Councillors

- 6.2.1** As Council and committee members, councillors have a personal, individual and collective responsibility for the Council's organisation and activities. Councillors are responsible for ensuring that adequate management arrangements are in place, developing and taking decisions on the use of the Council's physical, financial and human resources, and to concern themselves with the performance, development, continuity and overall well-being of the organisation (extract from the Code of Conduct for Councillors).
- 6.2.2** To enable Councillors to discharge their responsibilities in this respect, officers must present to Councillors appropriate information on the Council's performance both in operational and financial terms to allow them to ask relevant questions.

6.3 Chief Executive

- 6.3.1** The Chief Executive has a responsibility to ensure that the Financial Regulations are applied across the Council, and the appropriate committee structures are in place.
- 6.3.2** The Chief Executive, as Head of Paid Service, has an authority over all officers and has responsibility for ensuring that the Council maintains an efficient use of the resources at its disposal. However, the Chief Executive relies on senior officers of the Council informing them of the up to date position of an operation. Directors shall therefore report to the Chief Executive on the financial performance of their services.
- 6.3.3** The Chief Executive does not have operational responsibility for services, which responsibility rests with Directors. Similarly, the Chief Officer - Finance has the responsibility for establishing the appropriate financial reporting framework.
- 6.3.4** The Directors shall formally report any financial problems identified in a Service to the Chief Officer - Finance and to the Chief Executive who can instruct appropriate action and report as appropriate.
- 6.3.5** On a periodic basis a summary of the financial position of each Service shall also be reported to the Chief Executive. In pursuance of this the quarterly financial performance report shall be included on the agenda of the Corporate Management Team.

6.4 Chief Officer - Finance

- 6.4.1** Section 95 of the Local Government (Scotland) Act 1973 states that every local authority shall make arrangements for the proper administration of its financial affairs and shall ensure that one of its officers has responsibility for the administration of these affairs. In Aberdeen City Council, the Chief Officer - Finance is the Section 95 officer. Where the Section 95 officer position is vacant, the Chief Executive will make alternative arrangements.
- 6.4.2** The Chartered Institute of Public Finance and Accountancy (CIPFA) has defined in detail the role of the Chief Financial Officer within local government.

6.4.3 CIPFA specifically outlines the role of the Chief Financial Officer as being:

- a key member of the Leadership Team, helping it to develop and implement strategy and to resource and deliver the authority's strategic objectives sustainably and in the public interest;
- actively involved in, and able to bring influence to bear on, all material business decisions to ensure immediate and longer-term implications, opportunities and risks are fully considered, and aligned with the authority's financial strategy; and
- leading the promotion and delivery by the whole authority of good financial management so that public money is safeguarded always and used appropriately, economically, efficiently and effectively.

To deliver these responsibilities the Chief Financial Officer:

- must lead and direct a finance function that is resourced to be fit for purpose; and
- must be professionally qualified and suitably experienced.

6.4.4 There exists, however, a degree of decentralisation of financial administration within the Council and the responsibilities of the Chief Officer - Finance must be seen in this context. The Financial Regulations delegate much of the day to day financial administration to Chief Officers, and by sub-delegation, to staff within Finance. The extent of delegations will be outlined within a framework of job profiles.**Financial Management****6.4.5** As head of strategic and operational financial management and administration, it is the responsibility of the Chief Officer - Finance to:

- ensure that a proper and prudential financial framework exists within the Council in terms of relevant legislation and codes of practice;
- secure effective systems of financial administration; and
- ensure that financial management arrangements are in line with the Council's strategic policies and objectives and its overall management arrangements.

6.4.6 Specifically, the Chief Officer - Finance will:

- advise on effective systems of internal control such as financial regulations;
- secure effective systems of internal financial control to ensure that income collected, and payments made, are accurate, complete and timely;
- advise on anti-fraud and anti-corruption measures; and
- ensure that all staff with financial management responsibilities are made aware of the existence and content of these financial regulations and their requirement to comply with them.

6.4.7 In supporting and advising the democratic process, the Chief Officer - Finance is expected to:

- advise on the respective roles of councillors and officers on financial management;
- advise councillors on an overall financial strategy which serves policy and service objectives;
- provide councillors with clear, accurate and impartial advice when considering service plans and budgets;
- provide timely, accurate and impartial advice on reported financial performance, including reporting any concerns and/or disagreements with Directors on the stated financial position and the reliability of financial systems; and
- ensure that councillors have adequate access to financial skills and are provided with an appropriate level of financial training on an ongoing basis.

Contributing to Corporate Management and Leadership

6.4.8 The Chief Officer - Finance has an essential part to play in the corporate management of the authority by;

- contributing to the effective leadership of the authority;
- contributing to the management of the authority;
- ensuring that the authority's financial resources are well managed; and
- contributing to cross-authority issues and to the development of the authority.

Supporting and Advising Operational Officers

6.4.9 In supporting and advising operational officers, the Chief Officer - Finance shall:

- ensure that financial strategy and arrangements serve policy and service objectives, advising services on all strategic and operational financial matters and on the availability of resources;
- advise officers on performance and standards to be adhered to in relation to financial matters;
- delegate responsibility for financial management and control to Directors, ensuring the development and maintenance of appropriate management accounting systems, functions and controls and that these are compatible with the corporate financial reporting systems;
- ensure that officers' roles and responsibilities in relation to financial management are clear and understood and that budget managers have access to adequate financial skills; and

- provide timely, accurate and impartial advice to the Chief Executive on any concerns or disagreements with Directors on the reported financial position or reliability of financial systems.

Leading and Managing an Effective and Responsive Financial Service.

6.4.10 In leading and managing the authority's finance function, the Chief Officer - Finance will;

- secure high standards of performance and service to the public;
- demonstrate accountability to the public by providing robust financial and performance information;
- establish a good, professional working relationship with external auditors and other statutory agencies; and
- act as head of profession for all finance staff in the authority.

Bond Governance

6.4.11 The credit rating that was obtained to facilitate the issue of bonds on the London Stock Exchange (LSE) must be maintained over the term of the bonds. The credit rating agency conducts a review at least once every twelve months and the Chief Officer – Finance shall ensure that the credit rating agency is provided with all the information that it requires to carry out its assessment. The outcome of such reviews shall be reported to the first meeting of the City Growth and Resources Committee following receipt of the outcome. The credit rating agency may also amend the rating between reviews. If this occurs, the Chief Officer – Finance shall report this occurrence to the next available City Growth and Resources Committee.

6.4.12 The Chief Officer – Finance shall ensure that the Council's quarterly financial monitoring report to City Growth and Resources Committee is structured to comply with the reporting requirements of the LSE including any notifications required to comply with the Market Abuse Regulations

6.5 Chief Officers

6.5.1 Within the overall framework of the financial management and administration arrangements, it is the responsibility of the Directors to:

- ensure adherence to law and the Council's Scheme of Governance;

- furnish the Section 95 officer, or her/his authorised representative, with all such information that s/he may reasonably require for the discharge of her/his functions.

6.5.2 In practice, duties will be delegated to operational managers within the Service, the extent of which shall be covered by a framework of job descriptions clearly defining individual responsibilities.

6.6 Budget Holders and Finance Staff

6.6.1 The respective roles and responsibilities of budget holders and finance staff are set out in the Finance Framework (also see 4.1 above)

Line Responsibilities/Accountabilities

6.6.2 The Chief Officer - Finance has overall responsibility for the management and administration of the Council's financial affairs and consequently for all staff engaged in delivering the service. All finance staff are responsible to the Chief Officer - Finance for maintaining professional accounting standards and the highest standards of conduct and integrity.

All staff engaged in financial management within services have a similar responsibility, not only to their Director, but also to the Chief Officer - Finance. Finance staff also have a responsibility to Chief Officers for the provision of impartial advice and guidance on all financial matters, including contributing to and assisting in Best Value reviews, option appraisal and the process of continuous improvement across the Council.

6.6.3 The Chief Officer - Finance has the power to draw to the attention of a Director any circumstances where he/she considers that a member of staff engaged in financial management has not met the required standards. The Chief Officer - Finance may recommend how the matter shall be taken forward. Conversely, any Director has recourse to the Chief Officer - Finance where it is considered that any member of staff in Finance has not met the required standards. If a Director and the Chief Officer - Finance fail to agree, the matter shall be raised with the Chief Executive who will determine what action is appropriate.

7. INTERNAL CONTROL

7.1 Introduction

7.1.1 Internal control consists of all the policies and procedures the Council applies to achieve the following goals:

- Safeguard Council assets - well designed internal controls protect assets from accidental loss or loss from fraud.
- Ensure the reliability and integrity of financial information - internal controls ensure that management has accurate, timely and complete information, including accounting records, to plan, monitor and report business operations.
- Ensure compliance - internal controls help to ensure the Council complies with the laws and regulations affecting the operations of our business.

- Promote efficient and effective operations - internal controls provide an environment in which managers and staff can maximise the efficiency and effectiveness of their operations.
- Accomplishment of goals and objectives - internal control systems provide a mechanism for management to monitor the achievement of operational goals and objectives.

7.2 Responsibilities

7.2.1 Chief Officers are responsible for maintaining an adequate system of financial control and are expected to communicate the expectations and duties of staff as part of a control environment. They are also responsible for ensuring that the major areas of an internal control framework are addressed and that weaknesses highlighted are acted upon.

7.2.2 Staff are responsible for complying with the Council's internal controls.

7.3 Control Framework

7.3.1 The framework of good internal control includes:

- **The Control environment:** A sound control environment is created by management through communication, attitude and example. This includes a focus on integrity, a commitment to investigating discrepancies, diligence in designing systems and assigning responsibilities.
- **Risk Assessment:** This involves identifying the areas in which the greatest threat or risk of inaccuracies or loss exist. To be most efficient, the greatest risks should receive the greatest amount of effort and level of control. For example, the value or the nature of the transaction (for instance, those that involve cash) might be an indication of the related risk.
- **Monitoring and Reviewing:** The system of internal control should be periodically reviewed by management. By performing a periodic assessment, management assures that internal control activities have not become obsolete or lost due to staff turnover or other factors. They should also be enhanced to remain sufficient for the current level and extent of risks.
- **Information and communication:** The availability of information and a clear and evident plan for communicating responsibilities and expectations is paramount to a good internal control system.
- **Control activities:** These are the activities that occur within an internal control system. These are described in 7.4.

7.4 Internal Control Activities

7.4.1 These activities are the policies and procedures as well as the daily activities that occur within a system of internal control. The systems should include both prevention and detection activities. Internal Audit will provide assurance over the controls that the Council has established and make recommendations for strengthening such controls.

- 7.4.2** Prevention control activities aim to deter the instances of error or fraud. Activities include comprehensive documentation, authorisation processes, segregation of duties and security. These activities prevent undesirable transactions from happening and therefore require well thought out procedures and risk identification.
- 7.4.3** Detection control activities aim to identify any undesirable transactions after the fact, and in financial situations the most frequently used detection controls are reconciliation along with monitoring and review.
- 7.4.4** Appropriate controls shall be established to ensure that the financial information system accurately collates, sums and reports all authorised input and that regular and sufficient back up is maintained.

7.5 Embedding Internal Control Activities into Operations

- 7.5.1** Control activities occur at all levels and functions of the Council. Chief Officers should establish control activities that are effective and efficient.
- 7.5.2** When designing and implementing control activities, the aim should be to get the maximum benefit at the lowest cost. Consideration should be given to the following:
 - The cost of the control activity in comparison to the cost that would be incurred by the Council if the undesirable event occurred, recognising that some risks may be difficult to attribute a financial value to e.g. reputational risks;
 - Control activities should be built into business processes and systems as the processes and systems are being designed. Adding control activities after the development of a process or system is generally costlier and may enable errors or fraud to occur;
 - The allocation of resources among control activities should be based on the likelihood and impact of the risk;
 - For any given risk, there may be multiple appropriate control activities that can be put into place, either individually or in combination with other control activities; and
 - Excessive use of controls could impede productivity.

7.6 Commonly Used Controls

- 7.6.1** The following brief descriptions of the commonly used control activities will help managers to identify and select appropriate activities to prevent and detect error and fraud.
 - **Documented Systems / Process** – Comprehensive documentation of systems and processes provides clarity to those involved and a structure to enable checking to be carried out;
 - **Authorisation** – Control activities in this category are designed to provide reasonable assurance that all transactions are within the limits set by policy or that exceptions to policy have been granted by the appropriate officer(s);

- **Review and approval** – Control activities in this category are designed to provide reasonable assurance that transactions have been reviewed for accuracy and completeness by appropriate officers;
- **Verification** – Control activities in this category include a variety of computer and manual controls designed to provide reasonable assurance that all accounting information has been correctly captured;
- **Reconciliation** – Control activities in this category are designed to provide assurance of the accuracy of financial records through the periodic comparison of source documents to data recorded in and between accounting information systems;
- **Physical security over assets** – Control activities in this category are designed to provide reasonable assurance that assets are safeguarded and protected from loss or damage due to accident, natural disaster, negligence or intentional acts of fraud, theft or abuse;
- **Segregation of duties** – Control activities in this category reduce the risk of error and fraud by requiring that more than one person is involved in completing a financial process;
- **Education, training and development** – Control activities in this category reduce the risk of error and inefficiency in operations by ensuring that staff have the proper education and training to perform their duties effectively. Education and training programs should be periodically reviewed to ensure they remain relevant to the current Council operating environment and financial processing procedures; and
- **Performance planning and evaluation** – Control activities in this category establish key performance indicators for the Council that may be used to identify unexpected results or unusual trends in data which could indicate situations that require further investigation and/or corrective actions. Evaluations may be done at multiple levels within the Council, as appropriate: the Council as a whole; major projects; specific Services / functions; or specific activities. Performance reviews may focus on compliance, financial or operational issues. For example, financial reviews should be made of actual performance versus budgets, forecasts and performance in prior periods.

7.6.2 This list is not exhaustive, and advice should be sought from the Chief Officer - Finance if any officer is uncertain about incorporating appropriate control activities into their operations.

8. BUDGETARY CONTROL

- the quality of performance of its functions;
 - the cost to the authority of that performance; and
 - the cost to persons of any service provided to them by the authority on a wholly or partly rechargeable basis.
- 10.1.2** In maintaining that balance, the Council shall also have regard to seeking the most effective and efficient means of delivering services to its citizens.
- 10.1.3** The Act also sets out the requirement for statutory trading accounts to be maintained for 'significant trading operations' and that they should break even over a 3-year rolling period.
- 10.1.4** The Act introduces a requirement under primary legislation for authorities to adopt proper accounting practice and sets out a statutory duty to publish performance reports, including provision for the inclusion of trading accounts under this duty.
- 10.1.5** The requirement to keep accounts in accordance with 'proper practices' is defined, for the purposes of local government legislation, as meaning compliance with the terms of the Code of Practice on Local Authority Accounting in the United Kingdom ("The Code"). The Code is prepared under International Financial Reporting Standards.

- 10.1.6** The Code specifies the principles and practices of accounting required to prepare a Statement of Accounts which gives a true and fair view of the financial position and transactions of a local authority. The Code is reviewed continuously and is normally updated annually by the CIPFA/LASAAC Local Authority Code Board (“CIPFA/LASAAC”).

10.2.2 Audit, Risk and Scrutiny Committee

The Audit, Risk and Scrutiny Committee is responsible for the review of:

- the risk management system;
- the control environment; and
- internal and external audit reports.

The Committee is also responsible for overseeing the implementation of the Council’s ALEO Assurance Framework, including the operation of the ALEO Assurance Hub

11. LOCAL AUTHORITY RESERVES

11.1 Background

- 11.1.1** To assist authorities in developing a framework for reserves, CIPFA have issued guidance in the form of the Local Authority Accounting Panel (LAAP) Bulletin 99 – Guidance Note on Local Authority Reserves and Balances. This guidance outlines the framework for reserves, the purpose of reserves and some key issues to be considered when determining the appropriate level of reserves.

11.2 Statutory/Regulatory Framework for Reserves

- 11.2.1** Local Authorities may only hold reserves for which there is a statutory or regulatory power to do so. In Scotland the legislative framework is as follows:

Reserve	Powers
General Fund	Local Government Scotland Act 1973
Capital Fund	Local Government Scotland Act 1975
Insurance Fund	

11.2.2 For each reserve there is a clear protocol setting out:

- the reason / purpose of the reserve;
- how and when the reserve can be used;
- procedures for the reserves management and control; and
- the review timescale to ensure continuing relevance and adequacy.

The protocol for each reserve is as follows:

General Fund

Purpose of the Reserve

Every local authority shall have a General Fund and the following shall apply in respect of the General Fund:

- All sums received by or on behalf of the authority shall be paid into that Fund.
- All fees, commissions, discounts allowed on payment of accounts and expenses payable to or recovered by any officer of a local authority in respect of any business relating to the authority whether by reason of his office or otherwise shall be accounted for and paid into that Fund.
- All sums payable by the authority shall be paid out of that Fund.

Use of Reserve

This represents the general reserve of the Council and is used to manage the financial strategy of the Council. Any use of General Fund reserves must be approved by the City Growth and Resources Committee.

Management and Control

Management and control is maintained through the established financial management processes for producing the Annual Accounts and the Council's budget.

Capital Fund

Purpose of the Reserve

To defray any expenditure of the authority to which capital is properly applicable, or to provide money for repayment of the principal of loans (but not payment of interest on loans).

Use of reserve

The Capital Fund will support major capital investment projects within the Council's approved capital programme.

Management and Control

Management and control is maintained through the established financial management processes for producing the Annual Accounts and the Council's budget.

Insurance Fund**Purpose of the Reserve**

An authority may operate an Insurance Fund for the following purposes:

- a. where the authority could have insured against a risk but have not done so, defraying any loss or damage suffered, or expenses incurred, by the authority as a consequence of that risk; or
- b. paying premiums on a policy of insurance against a risk.

Use of reserve

The reserve is used to manage insurance costs over the medium term.

Management and Control

The Insurance Fund is subject to dedicated accounting rules and procedures as approved by LASAAC (Local Authorities Scotland Accounts Advisory Committee).

- 11.2.3** The adequacy and relevance of each Fund is reviewed by the Chief Officer - Finance at each year-end and through the budget process. All recommendations for movements in balances are reported to Council either through the year-end report or as part of the budget and service plan strategy.
- 11.2.4** The Code of Practice on Local Authority Accounting in the United Kingdom has introduced a number of technical reserves in line with proper accounting practice associated with capital accounting, defined benefits pension schemes, financial instruments and employee benefits. These reserves are governed by specific accounting treatment and do not form part of the Council's general available reserves.

11.3 Operation of Reserves

11.3.1 Useable reserves are generally held to do three things:

- create a working balance to help cushion the impact of uneven cash flows and avoid unnecessary temporary borrowing – this forms part of general reserves;
- create a contingency to cushion the impact of unexpected events or emergencies – this also forms part of general reserves; and

- create a means of building up funds, often referred to as earmarked reserves, to meet known or predicted liabilities.

11.4 Role of the Chief Officer - Finance

- 11.4.1** The Chief Officer - Finance is responsible for advising on the levels of reserves. The Council, based on this advice, should then approve the appropriate strategy as part of the budget process.

11.5 Adequacy of Reserves

- 11.5.1** There is no guidance on the minimum level of reserves that a Council should hold. In determining reserve levels, the Chief Officer - Finance must take account of the strategic, operational and financial risks facing the Council over the medium term and the Council's overall approach to risk management.
- 11.5.2** In determining the level of general reserves, the Chief Officer - Finance should consider the Council's Medium Term Financial Plan and the overall financial environment. Guidance also recommends that the Chief Officer - Finance also reviews any earmarked reserves as part of the annual budget process.
- 11.5.3** In light of the size and scale of the Council's operations, over the medium term a risk-based approach has been taken to establish a level of uncommitted reserves to be held by the Council. This Reserves Strategy should be reviewed on a regular basis. The value of reserves must be reviewed annually as part of the Council's Budget and Business Planning process and in light of the financial environment at that time.
- 11.5.4** The level of other earmarked funds will be established as part of the annual budget process.

11.6 Reporting Framework

- 11.6.1** The Chief Officer - Finance has a fiduciary duty to local taxpayers to ensure proper stewardship of public funds.
- 11.6.2** The level and utilisation of reserves will be formally approved by the Council based on the advice of the Chief Officer - Finance. To enable the Council to reach a decision, the Chief Officer - Finance should clearly state the factors that influenced this advice.
- 11.6.3** As part of the budget report the Chief Officer - Finance should state:
- the current value of general reserves, the movement proposed during the year and the estimated year-end balance and the extent that balances are being used to fund recurrent expenditure;
 - the adequacy of general reserves in light of the Council's Strategic Business Plan; and
 - an assessment of earmarked reserves and advice on appropriate levels and movements during the year and over the medium term.
