Subject: Publication of the Grant Agreement

Hi [REDACTED]

Further to our previous conversations, I am just writing to confirm my proposed approach for the publication of the Grant Agreement. As you know, it has always been my intention that the document would be published at some stage. As we get close to finalising the arrangement relating to the membership process, it feels right that we establish the timing of this, recognising that it is logical for this to be once (and soon after) the membership process has been agreed between us.

With this in mind, I would ask that you give final consideration to publication via the NFSP website - as we have discussed, this feels like an appropriate way to do this. Formally, as per the terms of the agreement, we need to provide written agreement to you. Once you have confirmed that you agree with this approach, I will confirm in writing our approval and timescale – expecting the latter to be around the end of August/beginning of September.

Please do not hesitate to come back with any queries on this.

Dear [REDACTED]

Further to the discussions we have had between us since the inception of the Grant Agreement in 2013, I can confirm that we are now in a position to agree publication of the agreement (and associated Novation Agreement).

We have decided previously that this would be via NFSP publishing via your website – please proceed with this as soon as possible. I have attached a PDF version of each document – please can you ensure for the GA it is clear that this was the version that was entered into and the date of the agreement (21/7/15).

Please advise when this has been placed on your website and a copy of the link.
