Above is the email chain that we had with Treasury and Home Office when drafting the questionnaire and setting the scene for the 30+ review. You will probably not need these, but it's better to keep a copy. I don't want to put them on the shared drive really as it will be rather confusing to everyone else, but this is for you to keep in a safe place in case you should ever need it to justify any of our actions in 2008.
