Are you around tomorrow? Would be useful to talk this through once we've worked out what we've got.

Subject: Figures

Jeremy, we spoke – you have modelled figures on the impact of using January grade boundaries in June in terms of the % point rise that would have resulted in A*-C grades; and also the entrants per unit per AO in January and June for the English and English Language papers. Pl. provide any caveats as well.

Many thanks

Hardip
