Our ref: FOI 2018/213

Dear Mr MacDonald,

Request for Information under Freedom of Information (Scotland) Act 2002

Thank you for your email which was received by the University on 13 August 2018 requesting the following information:

Request 1:
Please provide the numbers of student of each gender by undergraduate course, for all undergraduate courses in the Department of Engineering.

Please provide this information for the intake 2016, 2017, and 2018.

While I understand that the 2018 intake is still subject to change, provisional figures correct at the time of writing would be perfectly sufficient.

Request 2:
Please provide the breakdown of Home/EU, RUK, and International students for each undergraduate course in the Department of Engineering. Same intakes and terms as stated above.

University's response

Please note:

- Figures for 2018/19 are 'registered' students as at 06/09/2018
- Numbers are based on student headcount and the University of Strathclyde Standard Population.
- The standard population is derived from the Student Record System, from all registered student instances active at the University at any time in the reporting period 1 August to 31 July,

following programmes that lead to the award of a qualification or institutional credit. Students who leave within two weeks of their instance start date, or anniversary thereof, (and are on a programme of more than two weeks duration), are excluded from the standard population. Also excluded from this population are:

- dormant students (those who have ceased studying but have not formally de-registered);
- students on sabbatical;
- lifelong learning students;
- visiting exchange students;
- writing-up students.

Please provide the numbers of student of each gender by undergraduate course, for all undergraduate courses in the Department of Engineering.

Please provide this information for the intake 2016, 2017, and 2018.

Please see Appendix A.

Please provide the breakdown of Home/EU, RUK, and International students for each undergraduate course in the Department of Engineering. Same intakes and terms as stated above.

Please see Appendix B.

Freedom of Information Review Procedure:

If you are unhappy with the University's response, please contact the Information Governance Unit by post or email to request a review of our actions.

The University will then undertake an internal review and inform you of the result of that review.

All such requests for review should be made in writing, setting out in full the nature of the enquiry to which it pertains, and stating why you are dissatisfied with the response. A request for review should be submitted within 40 working days of either the date on which you received a response from the

University or the date by which you should have received a response under the terms of the Freedom of Information (Scotland) Act 2002, whichever is the later.

Please note that links provided to information available elsewhere are intended to assist Freedom of Information access. Requests for information held by other public authorities and any complaints regarding access to such information should be addressed to that authority. These review procedures relate only to information which is directly under the control of the University of Strathclyde.

If the University is unable to resolve any complaint, you can contact the Scottish Information Commissioner, the independent body which oversees the Freedom of Information (Scotland) Act 2002. A complaint to the Commissioner must be made within 6 months from the date of the University's response.

The Commissioner has an online appeal service which can be accessed via www.itspublicknowledge.info/Appeal.

Alternatively, you can contact the Scottish Information Commissioner via the following methods:
