Annex A

Decisions relating to non-disclosure have been taken with due consideration of the exemption identified under Section 29(1)(b) of the Freedom of Information Act 2000 (FoIA). This is a qualified (public interest tested) exemption and in order to engage it, I must show that the public interest in withholding the information is greater than the public interest in releasing it.

Section 29(1)(b) – Economic Interests

This states:

29 (1) Information is exempt information if its disclosure under this Act would, or would be likely to, prejudice –

(b) the financial interests of any administration in the United Kingdom, as defined by section 28(2).

The Welsh Government recognises its responsibility to ensure that it invests wisely on behalf of the people of Wales. Every event seeking funding has to go through a rigorous assessment process. Different events have different levels of economic impact or international profile and funding is therefore dependant on this and other factors such as delivery of impacts for example volunteers, training and other skills which, in turn help to create an environment which stimulates and assists new enterprise and growth.

I believe that releasing the funding amount would be likely to create a level of expectation by other event organisers in believing that they would be entitled to an equal or similar amount of funding. This would be likely to prejudice any future negotiations between the Welsh Government and other event organisers as each event is different and each application is based on merit. I believe this, in turn, would be likely to prejudice the financial interests of the Welsh Government as it would prejudice our negotiating position and our efforts to ensure best value for the Welsh pound.

Whilst I accept that, as a public body, the public will always have an interest in the work of the Welsh Government and that release of this information would engender our willingness to be open and transparent in the way that we work, I do not believe there is any pressing public interest in the release of this information. Information on how events are assessed for support including details of criteria / MEU strategy is widely available. It is not in the public's interest to release the specific details of one event's funding as this would be detrimental to ongoing relationships / negotiations regarding attracting events to Wales which have strong economic and social benefits. I do not believe it is in the wider public interest to prejudice the financial interests of the Welsh Government and our efforts to obtain value for money in future negotiations using the public purse.

I am satisfied, therefore, that releasing the information would be likely to prejudice financial interests as defined by this exemption.

In conclusion, I believe that the balance of the public interest falls in favour of withholding this information.
