

1. Please provide a list of all times where planning permission has been granted over land designated as "Green Belt" by the council, for the last six years.

Response

I am requesting the reference numbers for planning applications which were successful, and the dates when the planning was approved. If the dates are provided, then there's no need to split by year - because that will be obvious. If the dates are not readily available, then please break the information down by year.

I have no interest in any application for building over greenbelt land that was fully unsuccessful, so please exclude any of these from the data provided.

Regulation 6(1)(b) publicly available in another form and format.

Clarification question

Please can you clarify what you mean by 'please provide a list of all times', do you require figures of how many permissions were granted or are you requesting the reference numbers for those planning applications?

Alternatively are you requesting the dates permission was granted over the last 6 years?

Can you also confirm if you are requesting information broken down for each year, for the last 6 years?

Please note, the following applies, if the response includes council officers (or other officers) names.

If you are a company that intends to use the names and contact details of council officers (or other officers) provided for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference. You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
