Hello text redacted,

Thank you for your application for CIF2 funding for refurbishment of the Greenwich and Woolwich Foot Tunnels. I am sorry that it has taken longer than anticipated to go through your application.

When we met earlier this month, I said DfT would seek to ask a number of economic and policy questions to further assist with our assessment of the business case from a transport perspective. The attached represents a list of the those questions. I hope they are clear but if you need further clarification of the information we require, or have any concerns, please let me know.

Colleagues at CLG are currently looking at the bid from a wider regeneration angle, and will contact you shortly. In the meantime I would be grateful for a response at your earliest convenience. Please advise when this is most likely to be.
