Brilliant, many thanks [REDACTED]

The client is dealing with the section 61 application as we speak.

With regards to Lord Street could I please change the meeting date to next Tuesday as I have double booked Monday.

Regards

Hi [REDACTED]

Yes I done these a while ago. Tweets have been planned for sending out and roadworks will be adjusted to display road closures on the day they start.

Eastbound booked in for 15th – 20th October
Westbound booked in for 22nd – 27th October

How is everything progressing with the S61 may I ask?

Kindest Regards

DESCRIPTION OF WORKS

Installation of final carriageway surfacing including white lining and traffic signal detector loop cutting

CONDITIONS

Works will be undertaken between the hours of 20.00-05.00 Mon-Fri. No works to be undertaken Saturday or Sunday evenings.

REINSTATEMENT

[illegible]

[REDACTED]

From: [REDACTED]@breheny.co.uk>
Sent: 26 July 2018 23:44
To: [REDACTED] (HIGHWAYS)
Cc: [REDACTED]@gardiner.com
Subject: Hoddesdon surfacing date cancellation

[REDACTED]

Due to the current hot weather and the in-sufficient time available for the surfacing to "cool", I have had to cancel tomorrow's night surfacing to the link road, Hoddesdon. Indeed area's of the surfacing laid on Tuesday evening now requires planing out and re-applying due to it's decimation by the hot weather and the heavy trafficking that followed.

I will re-apply for a further road notice following consultation with our client.

If you have any issues please do not hesitate to contact me.

Regards

Afternoon [REDACTED]

I have relaxed the closure time from 9pm to 8pm to appease complaints received in relation to noise, as with longer daylight hours this should help with works commencing before the darker evening hours sets in, however due to network demands in relation to traffic volumes I will not accommodate an earlier closure time of 7pm.

Subject: RE: Emailing: NRSWA Form Herts .doc

Afternoon [REDACTED]

[REDACTED] is on leave till tomorrow, are you able to answer a query relating to our road closure start times for Hoddesdon?

We have been approached by our Asphalt contractor regarding the possibility of commencing work at High Leigh's at 7pm instead of 8pm for our surfacing works on Tuesday, Wednesday and Thursday this week.

Their concerns are founded on the continuing hot weather forecasted for this week. The sooner they are able to get the road surface down, the longer it will have to go off before traffic starts running on it in the morning.

Can you let us know if an earlier start would be possible please?

Thank you,

Regards

Subject: RE: July closures

Thanks [REDACTED]

Once they are firmed up please send in NRSWA bookings to formally reserve the road space

I can confirm that the road closures for the final resurfacing works can be implemented from 8pm each evening to 5am the following morning

Regards

Afternoon [REDACTED]

Have you got indicative dates of when these works would take place, just want to check network availability with other works on in the area

Thanks

[REDACTED]

Apologies as I'm pretty sure this has been discussed with your good self, but as part of the section 61 application, for the surfacing works in July, the client would like confirmation that the road closure can be enforced from 8.00pm instead of the current 9.00pm restriction

Regards

Subject: HLGV proposed night works.

[REDACTED]

Advice please.

Our client has applied for a section 61 notice for the up and coming road barrier re-location works (westbound) to be undertaken at night. The application was made last week and the date for the works, including the required 28 day notice, is April 30th.

At our meeting in February you stated a 21 day lead in was required for any evening works, and bearing in mind we are 3 weeks away from the proposed works, do you require a formal road notice or is this email suffice.

Regards
