

Request:

1. I am considering buying a new house in the current catchment area of Holystone Primary School. Can you please provide details of any proposed or upcoming boundary changes to the catchment area of the school, in light of the quantity of new housing in the area, and the expansion in size of the school at Backworth Park. Also when these changes may occur please.

A report is to be presented to Cabinet in July 2018, regarding Education in North Tyneside. The report is likely to include a recommendation to review catchment areas, both in relation to specific locations such as Holystone / Backworth area, but also in relation to the wider Local Plan developments.

We cannot confirm if, when or where the boundaries will change at this time. It is, however, likely that the Holystone catchment area will see a number of changes of its eastern boundaries, east of the A19.
