Subject: FW: FW: Meetings on Home Education (Duty of Local Authorities) Bill
Attachments: HE Letter 16.docx

Hi all

Further to our meeting today DfE civil servants will join us, if not other peers but I guess Lord Soley can get their views more easily.

I will send the attached note to all participants with room/joining details tomorrow

Best wishes
D.

At this stage I haven't invited other peers.

If you wish to send the note I wrote to various correspondents a few months ago to all attendees please do so. I have attached another copy for your general use.

Lord Soley

Thanks C Looking forward to meeting next week. A will send out the list of attendees later this week. The AEHEP intend to write to S T to introduce ourselves.

Have you invited any other peers? I only ask since some like B D L L and L W have shown a keen interest in EHE.

Best wishes
D

Dear Lord Soley

Thank you - we will try to have someone present in a purely observer capacity, when the date is confirmed - please let me know in due course but also copy in the two colleagues who are also receiving this email as I shall be on leave shortly.

We have not yet had an opportunity to discuss home education with S T A , so at this stage we cannot comment on his view of the Bill

Dear Mr B

The meeting is still planned for the 17th October probably between 3 and 5 pm but I am currently trying to get a room in the House for the meeting.

I understand the new Minister is S T A - is that correct?

The other problem here is the position of the new minister on this issue. If he is still sympathetic to co-operating with me on getting the Bill into a form that satisfies the Government and myself then obviously I will try and involve the Department at all stages. If there is not a willingness to co-operate then I will have to reconsider how I handle the Bill.

Any ideas about this?

Lord Soley

Is there any more concrete news on the planned meeting(s)?

You will have seen that L N is no longer responsible minister. However, we would still wish to follow up events connected with the bill.

It is likely to be the 17th October - time uncertain at this stage but likely to be early evening. Stay in touch.

Dear Lord Soley

During last week's meeting with L N you mentioned two meetings you intended to arrange for October. One was to be with Ofsted, LAs etc and the other with parents, and L N said that we would ensure that there were DfE officials attending in an observer capacity. Can you let us have details of the dates, location etc so we can decide how best to arrange this?

Thank you.
