Hi D

Sorry to hear you've been poorly.

Yes happy for Lord Soley to attend next meeting on 11<sup>th</sup> October. I was under the impression he wanted to meet the committee to gather people's concerns. Would you like me to invite him or would it be best for you to do it as you have most contact with him?

Problem with Lord N suggesting LA's stretch the guidance is that this needs to be communicated to EHE community so that is a lost leader. I'm happy to invite S B to next committee meeting as I can see he intimated he would get back in touch with me which he hasn't to date.

I'll wait to hear from you.

V please invite D M to the committee meeting on 11<sup>th</sup> October.

Thanks,  
J

Hi V and J

Apologies I have been a bit quiet recently

Think we keep the agenda simple – Discussion with lord Soley - J do you want to invite him on the 11 th ? (He has said yes but we need to firm up)

I am getting mixed messages about Private members bill but suspect it will get nowhere. Last week ADCS met with Lord N and he has suggested that the gov view is that LA's need to stretch the guidance and they want case law to be tested. (D M ) I'll try to get more details from my DCS as he was one of the five DCS's to meet Lord N.

AEWM also seem to have got the same or similar message from S B could we invite him? I am attending the AEWM annual conference in Birmingham on 18 November where I hope to cement AEHEP links as our agendas seem very similar.

ADCS are putting out their survey again – so that should demonstrate rise in numbers (HCC up 56% to 1492

I have copied in everyone so we can have their input for agenda
