Yes I agree with all that's been said. A meeting will be needed to coordinate our response.

I would echo this. Not sure we all need to go and might be difficult to co-ordinate but we can gather views prior.

Kind regards

Hi C

Delighted with the debate , well done.

You are correct the EHE lobby is mobilising – already FOI requests particularly to HCC and KCC asking for copies of all emails between officers and yourself. I think a further working meeting of interesting parties would be helpful in early January. We wondered if the guidance was to be rewritten whether the DFE would invite interested parties to contribute? I would include both the LA's, safeguarding groups, associations like AEHEP, AEWM plus EHE lobby groups such as F N

I'll circulate the committee of AEHEP for wider thoughts and get back to you.

Best wishes

Following the debate last week I estimate that my Bill is unlikely to go into committee before February and quite possibly March but I think we ought to be ready by February just in case.

That means getting our amendments ready and also working out how best to enlist public support as the opposition is now growing - although still far less than it was some years ago.

Any suggestions? Would another meeting of your group be helpful?
