

FOI 200

1. The total current number of homeless people by age group, including rough sleepers (16-24; 25-34; 35-44; 45-54; 55-64; 65+)

The requested data for all individuals who have presented as homeless and are currently being supported by Neath port Talbot Council's HOT department are as follows:-

16-24: 20

25-34: 68

35-44: 58

45-54: 41

55-64: 7

65+: 4

2. The current number of rough sleepers by age group:

As of our most recent Welsh Government data returns (December 2022) no rough sleepers have been identified in the Neath Port Talbot borough currently.

3. The total number of homeless deaths by age group (number of deaths within the 12 months up to the latest data).

In the 12 months from January to December 2022, the data the HOT department holds on client deaths are as follows:

16-24: 0

25-34: 2

35-44: 3

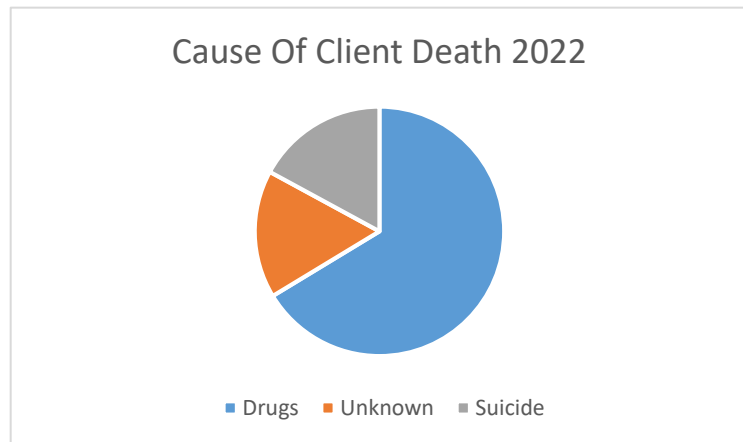

45-54: 1

55-64: 0

65+: 0

4. The cause of death as a percentage of all deaths (suicide, alcohol, drugs, etc.)

Drugs: 66%
Cause Unknown: 17%
Suicide: 17%

5. The cause of death for homeless individuals aged 15-24 as a percentage.

No deaths occurred within the 15-24 years old age group during the above mentioned 12 month period.
