Hi John,

Please find attached a draft report for the Cabinet meeting on 14 November. Sorry about this but could you sign it off as soon as possible please? – I thought I had to send them through to [REDACTED] and she then coordinated getting finance sign off.

Apologies once again, but hopefully it'll be pretty straightforward – you shouldn't need to worry about checking either of the appendices; they just summarise and analyse HS2 proposals...

Thanks,

Walter
