Pre-tender Clarification No. 1 – 30 November 2007

Schedule 3 – Pricing Schedule

Could you clarify for a tenderer filling in Schedule 3 - Pricing Schedule who intends to sub-contract out magnetometry and resistivity survey as how to proceed.

You should quote the daily rates on the second page of the Pricing Schedule and show the % management fee on the new row which has been added onto the revised sheet attached.

In the Exemplary itemised costings A and B the management fee should be included within the rate and any travel and subsistence costs should be included under "Other expenses" with an explanatory note. A revised Pricing Schedule section is attached for your attention. This will also be emailed to you.
