

FOI: 8756865 Agilisys

Please confirm when the council's contract with Agilisys is due to come to an end?

Contract end date April 2019

Is there the possibility of an extension? If so, will the council be exercising that right? If this hasn't been decided yet, when will it be and who will make that decision?

Council can extend up to 3 years. No decision has been made.

Work is commencing to evaluate the options *and prepare reports for procurement governance boards. The decision will be made in line with council procedures and best value.*

On the other hand, if the council has already declined to extend the contract, when was this done and who made the decision and for what reasons?

Please provide all the regular performance reports submitted by Agilisys since the contract was awarded. I imagine these are done on a monthly or quarterly basis and should be relatively easy to retrieve.

Last two months report attached, unable to provide any more as the FOI system has file size upload limit.
