

FOI: 10290872 Adult Social Care Case Management Software

Are you currently implementing a new Adult Social Care Case Management Software

No

If yes you are implementing a system then please provide what Adult Social Care Case Management Software are you implementing and when is the planned go-live date of all functionality as per the tender?

Is this the same with the dates on the tender documents? If not what is the difference have there been any additional costs outside the original contract for the implementation? If yes, please specify

If No you are not implementing an Adult Social Care Case Management Software, with regard to the last system you implemented how long in months from contract award date did the software to go live and the previous case management to be switched off?

The original contract with Corelogic was awarded on April 4th 2006 and was for the supply of an Integrated Children's System. A Record of Corporate Directors Action under Delegated Authority (RCDA) was signed in September 2007 to allow use of FWi to be extended to Adults Social Care at a point in the future. Adult's social care ran the project to implement FWi. It commenced late 2009 and went live on July 26th 2010. All live cases were migrated to FWi prior to go live but a look up for historical was put in place to Swift the system being replaced.
