ICO Decision Notice Ref: 5503375926

28 October 2011

Dear Mr Watson

Thank you for your e-mail of 21 September regarding a further 15 sets of minutes within the scope of your original Freedom of Information (FOI) request of 20 August 2010.

I can confirm that another, detailed search has been conducted and a further six sets of minutes have been found. These are attached and have been redacted under section 40(2) of the FOI Act, in accordance with usual IPS and Home Office policy.

The attached minutes, together with those already provided, are all that we hold. The FOI Act does not require us to obtain the minutes from elsewhere, if we do not hold them ourselves.

I hope that you find these additional sets of minutes useful and I am sorry that they could not be traced at the time of the original release. However, I assure you that this is definitely all we hold. If you remain dissatisfied, please submit a fresh request or take the matter up with the ICO.

I am copying this letter to the ICO.

Yours sincerely

**Diane Lambert**  
**Head of Parliamentary and Correspondence Management Team**
