Derek,

That's great, many thanks. Have you got an idea of the number of files? Will you be sending the drive by recorded delivery (to me, at the address in my signature is probably best), and will it be encrypted?

Many thanks again,
Sam

Hi Sam,

Yes, we now have all of the papers (5.2 Gigabytes) on a memory stick and are just checking it today. Hopefully ready to be sent to you by the end of the week.

I will keep you up to date with progress.

Kind regards,

Derek

Hi Sam,

It was good to talk with you earlier this morning.

As promised I will be back in touch as soon as we have extracted all of the files from PowerRetrieve and can give you an estimate of the total no of megabytes.

I imagine that we will supply almost all of the data on USB's, but there will also be at least one DVD.

If you could please clarify if we can use your courier, at your cost, then that would be helpful?

Kind regards,

Derek

Hi Derek,

I'm sorry I was not able to meet with you and colleagues along with Brian and Deirdre earlier in the week.

I'd like to start our discussions on the provision to the Inquiry of the material held by SNBTS – I wonder if it might be easier to discuss by phone in the first instance?

Many thanks,
Sam
