Subject: Road closures

Hi [Redacted] and [Redacted],

In respect of all the new modal filters and road closures that have been implemented, do you have a list of all the filters and closures that have been implemented.

██████ I know you sent me an email regarding the implementation of Area 1 & 2, thank you, can you also include this in the list if possible.

With this I can update my pre determine attendance section so that they can map the road closures accordingly.

Kind Regards

██████
