Dear Jack

[REDACTED]

I note that you have sent through gateway reports relating to the Affordable Housing Monitoring project. As discussed previously, I can confirm that this digital transformation project is being managed by the Planning Policy and Digital Transformation Manager in consultation with the Head of Digital Transformation. They are managing relations with the contractors dxw about any further work that would be required from them. I can also confirm that Cllr Situ is fully briefed on this. I would also like to take the opportunity to remind you that all contact with Cabinet Members should be made through me.

[REDACTED]

Regards

Simon

[REDACTED]

[REDACTED]

In a related matter, I would also like to ask that you recognise [REDACTED]
[REDACTED] the monitoring of affordable housing.

To that end, I will send through the gateway reports for approval separately.

Thank you
Jack

Dear Jack

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

Simon is still in post at the moment so this still falls within his remit until I formally take over. I will however discuss the issue with him and one of us will get back to you shortly to discuss further.

Regards

Steve

Hi Steve

[REDACTED]

The issue I have is two-fold.

[REDACTED]

Second is [REDACTED], in respect of affordable housing monitoring. This is the responsibility of the S106 team, not that of the policy team. I'm hoping this can just be resolved internally, pretty quickly.

[REDACTED]

Thanks
Jack

Jack Ricketts
Planning officer
