Good Afternoon

Please see attached our completed new company form along with our company logo to register to Proud Employers.

As a member of the Diversity Champions Programme I believe we have 5 free job adverts, which we'd like to start making use of by posting the data architect job we currently have. I've attached the advert for this and we would want the Proud Employers listing to link to the vacancy on our website at this address <https://nsandi-corporate.com/careers/vacancies/data-architect-803-20>

Is there anything else I need to provide?

Thanks
