Dear Christina Gordon,

Re: FREEDOM OF INFORMATION (FOI) 2000 ACT RESPONSE

I am writing regarding your request for information dated 14/03/2018.

You have requested the following:

Please can you provide me with information on all Unilateral Undertakings between Hounslow Council and any developer awarded planning permission for sites of 9 or more dwellings that oblige the developer to provide any affordable, social rented, shared ownership or any form of Affordable housing provision to a Registered Provider (RP) from 1st January 2016 to the most recent data available.

The documents/ information relating to the documents may be provided by email, If it is not possible to provide all of this information then please provide the details of how I am able to access the information myself.

Response

The attached excel spreadsheet provides you with a list of all housing permissions above nine units in the borough that have not started or started and received permission in the financial years 2015/16, 2016/17 and 2017/18. This information has been taken from the London Development Database (LDD). The LDD is a collaborative project between the Mayor and the London boroughs to track planning activity across London. For further information please see <https://www.london.gov.uk/what-we-do/planning/london-plan/london-development-database>

The Council will normally require a section 106 agreement to be signed on major schemes that contain ten or more units. If a Unilateral Undertakings between Hounslow Council and any developer has been signed it will be available in the Council's website. You can use the planning application references provided on the spreadsheet and access information on each scheme using the following search facility
