Hi [REDACTED]

No problem at all. Thanks for the feedback.

I'll get a list of W3W together for all key points. The main one - Gate 1 - is share.things.buyers.

Kind regards,

Thank you [REDACTED]

Can I add my points in now please?

- 1) What3words, can the Organiser and the Racecourse use what3words to identify the access and egress gates as well as points that are key to the Emergency services if they attend please?
- 2) I agree with the statement that drugs have not been an issue in the past but please don't fall into the trap of allocating an age to drug use.
- 3) We cannot designate a landing area for the Air Ambulance as that is the sole responsibility of the pilot. However, if the field you mentioned is obvious and clear of animals, obstructions it may well be the Pilots' choice. Be aware that the current aircraft are bigger than before and can cause issues with increased downdraft force.

Thank you
