Hi [REDACTED]

Please see attached our latest revision to the EMP and associated appendixes, along with a changelog. The W3W list is now included in the EMP under section 3.4.

What remains to be done:

- An overlaid map for the fire service.
- Marking the location of LPG storage on the map.
- Updating the dates on the other appendixes (we will do these three things together with a map update).
- Updating COVID-19 requirements for the bouncy castle (we are going to ask for the supplier to update their plan to clean after each usage).

Regarding licensing:

I am forwarding an email from the racecourse manager on to you after this email. Please keep a lookout for it.
