Subject: CC19/13 - Kingspark - Remote Path to East of Plot 5

Hi [REDACTED]

Further to discussions yesterday, please see revised drawings updated to show no step at the remote footpath beside Plot 5

14325/03/001'M' Road Layout
14325/03/003'E' Road Long Section

We trust this now completes all information required from Millards for the Roads Construction Consent however please let me know if you have any further comments and I'll address asap.

Regards
