

iPlay in Billingham

Billingham has been fortunate enough to receive funding from Big Lottery to install a new piece of interactive play equipment behind the Children's Centre.

As the equipment was being put in, we were made aware of several instances of anti social behaviour in the area. We appreciate how distressing this type of activity can be and it needs to be stopped, but we would like your help to do this. We are also keen to make sure that this new equipment is seen as a positive installation for the village and is not associated with mindless, anti social behaviour.

A residents meeting for those who live in the vicinity has been scheduled for **Thursday 20th September at 7pm** at Billingham Primary School. At the meeting we will provide you with further information and answer any questions you may have.

Please come along if you can.
