Subject: Draft London Plan EIP

Dear All,

[REDACTED] and I had a quick discussion before the end of the holidays and I have put together the attached paper for submission on the matters which re-iterates our points in relation to our request to change Policy S5 and supporting text relating to floodlighting (looking back at our reps I realised we had already suggested something similar in our original reps <https://www.london.gov.uk/what-we-do/planning/london-plan/new-london-plan/consultation-responses-draft-new-london-plan/london-plan-consultation-responses-government-and-agencies>).

I have looked again at the 'tranquil areas' paragraph and this does appear to relate to roads and railways so I've just left that and made no further comment on that.

I've left the Inspector's questions in for your information, I couldn't work out why there was a reference to paragraph 123 of the NPPF in (a)!

This needs to be send in by Friday 12PM, so please provide comments at the latest before 11AM.

Our next deadline is the 25th January (or preferably the 24th) which relates to the Green Infrastructure policies. The Planning Inspectorate is requiring postal copies – the actual deadline is the 29th!

Time is rapidly ticking away and I think that [REDACTED] from the GLA returns on the 14th. I'm going to pencil in a catch up call for Monday 21st so that we can catch up with where we are as hopefully we will have heard something from Anna by then.

Kind regards
