Hi All,

For further info, the GLA's suggested changes to Policy S5 are published in their statement under Matter 55 here;

<https://www.london.gov.uk/what-we-do/planning/london-plan/new-london-plan/examination-public-draft-new-london-plan/written-statements/social-infrastructure-m54-m57#acc-i-56492>

Our attendance on Tuesday next week is to ensure that the Inspectorate is minded to accept a reference to the NPPF when it comes to the review of S5 at the EIP on the 3<sup>rd</sup> May.

Kind regards

Hi [REDACTED]

Do you have any time this week? I am a little concerned that I could be representing us without really knowing in detail for our reps for the Green Infrastructure Policies as I thought the changes to S5 has addressed our concerns. I'll need more than half a day to prepare.

Regards

[REDACTED]  
Planning Manager

Hi [REDACTED]

The agenda has finally come in for next week's Panel sessions at the GLA for the Green Infrastructure policies (the S5 policy is at the other session).

If you have some time on Monday for me to go through what I'm intending to say that would be great. I have just talked it over with [REDACTED], which was helpful.

Please note that I do need to leave at 1PM on Tuesday to get back home, so if you could represent us if it does overrun that would help me. That is, however, unlikely as they are instead also asking everyone to come back on Wednesday morning. I can make myself available then but if we can get what we want to say covered on Tuesday morning (with reference to (B)) then we may not need to appear on Wednesday.

Kind regards
