Dear Graham,

### **TRANSPORT AND WORKS ACT 1992 (TWA) INQUIRIES**

I refer to the PINs - TWA SLA and the requirement to forecast TWA Inquiries that might be held. Further to my letter of 21 March 2012, I am now writing to alert you to a further inquiry that is required.

The application is for the Crossrail (Kensal Green) Order and is being promoted by Crossrail Limited. The application would confer powers on Crossrail to take temporary possession of land at the site of a former gas works at Kensal Green in the Royal Borough of Kensington & Chelsea for the provision of a work site in order to support works authorised by the Crossrail Act 2008, and access for construction. The Order would authorise the temporary possession of the land for the purposes of the works and would confer powers in connection with the carrying out of the works. The application received 5 objections of which all are statutory. One of those objectors has exercised their right to have their objection heard before a public inquiry. The applicants have yet to propose suggested dates or length of inquiry but I would imagine they would want it around October time

I will of course keep you updated if I hear anything further.

Yours sincerely,  
xxxcc
