Thank you for this. I am working on a draft letter and will be in touch as soon as possible.

Kind regards

xxxxx

We spoke. You have received a direct copy of the letter of 6 July to the Secretary of State from Nabarro LLP on behalf of Fortress Limited seeking a Rule 17 Direction that Crossrail Limited reviews its environmental impact assessment and updates its Environmental Statement to reflect an error in relation to an area of land numbered plot 7 on the land plans.

Before reaching a decision on whether to make such a Direction, we would be grateful for your/your clients' views on the matter. Clearly we need to reach a decision speedily, so would be grateful for an early reply and certainly no later than Monday 23 July please.

Kind regards  
xxxxx
