Subject: The Linden Centre responsive review - signed off action plan

Attachments: Review response and action plan Linden Centre October update 2012.doc

Dear REDACTED

Please find attached The Linden Centre action plan as it has been completed, evidenced and signed off to date. You will see that there is one action around electronic care reviews that is in progress and the completion date is 2013. This action plan was discussed in our October Risk and Governance Executive and signed off for the purposes of sending to you. Please note that I have left the original front sheet on as we have been updating the original action plan.
