

Request		"...for 2015-2020 entry.
	Data	For each year, I would like to know the number of A100 International Applicants who applied to each college and the number of those who were accepted to each college. I would also like to know, for each successful international applicant: what their BMAT scores were, what their academic scores were (ALevel/IB/etc), and which college they got accepted into..."
	By	Lola Lee
	On	Thursday, 17 September, 2020

Notes	Entry Year	Figures are grouped by entry year. The 2020 entry year includes standard entry applications from the 2020 application round and deferred entry applications from the 2018/2019 rounds.
	Application Identifier	Applicant information has been anonymized, with each applicant assigned a dummy application identifier.
	Domicile	Domicile information is based on the Area of Permanent Residence declared by applicants at UCAS.
	College Changes	Please note that some applicants move between Colleges throughout the admissions round. College changes are reflected in the data supplied.
	Course Changes	Please note that some applicants move between courses throughout the admissions round. Course changes are reflected in the data supplied.
	Acceptances	The figures included reflect the number of accepted applicants i.e. applicants who have no outstanding offer conditions and have accepted Cambridge as their Firm choice institution via UCAS. Subsequent withdrawals are not taken into account and so these figures may differ slightly from actual entrant numbers.
	Qualifications Declared	Qualification information is declared by applicants through their UCAS application, and is not verified at the point of application.
