With regards to this question, as the number of cases is low and therefore could make the parties involved identifiable the Council considers that the requested information is caught by the exemption to disclosure contained in Sections 40 (2) and 40 (3) FOIA. This exemption covers the personal data of third parties (anyone other than the requester) where complying with the request would breach any of the principles in the Data Protection Act. Personal data is defined by the Data Protection Act 1998 as 'data which relates to a living individual who can be identified from that data and other data that a person may already have'.

A disclosure made under FOIA is judged to be to the wider world. The individuals involved would not reasonably expect that their details would be disclosed in this way. It may also constitute a breach of the DPA principles. This is an absolute exemption and therefore there is no requirement for us to consider the public interest.

10) A list of care providers you have used for new placements for learning disability supported living care between 1 January 2016 and 30 June 2016 and the number of placements they have received in that period.
