	Apply Year	Figures are grouped by UCAS application year. The 2019 application year ran from applications opening in September 2018 to Confirmation in August 2019.
	Application Identifier	Applicant information has been anonymized, with each applicant assigned a dummy application identifier.
None	Domicile	Domicile information is based on the Area of Permanent Residence declared by applicants at UCAS.
Notes	Acceptances	The figures included reflect the number of accepted applicants i.e. applicants who have no outstanding offer conditions and have accepted Cambridge as their Firm choice institution via UCAS. Subsequent withdrawals are not taken into account and so these figures may differ slightly from actual entrant numbers.

Qualification information is declared by applicants through their UCAS application, and is not verified at the point of application.
